

Jing-Zhang Intelligence Vein Belt

Civic Agent Governance · Neural Governance · conceptual · provisional boundary

Jing-Zhang Intelligence Vein Belt

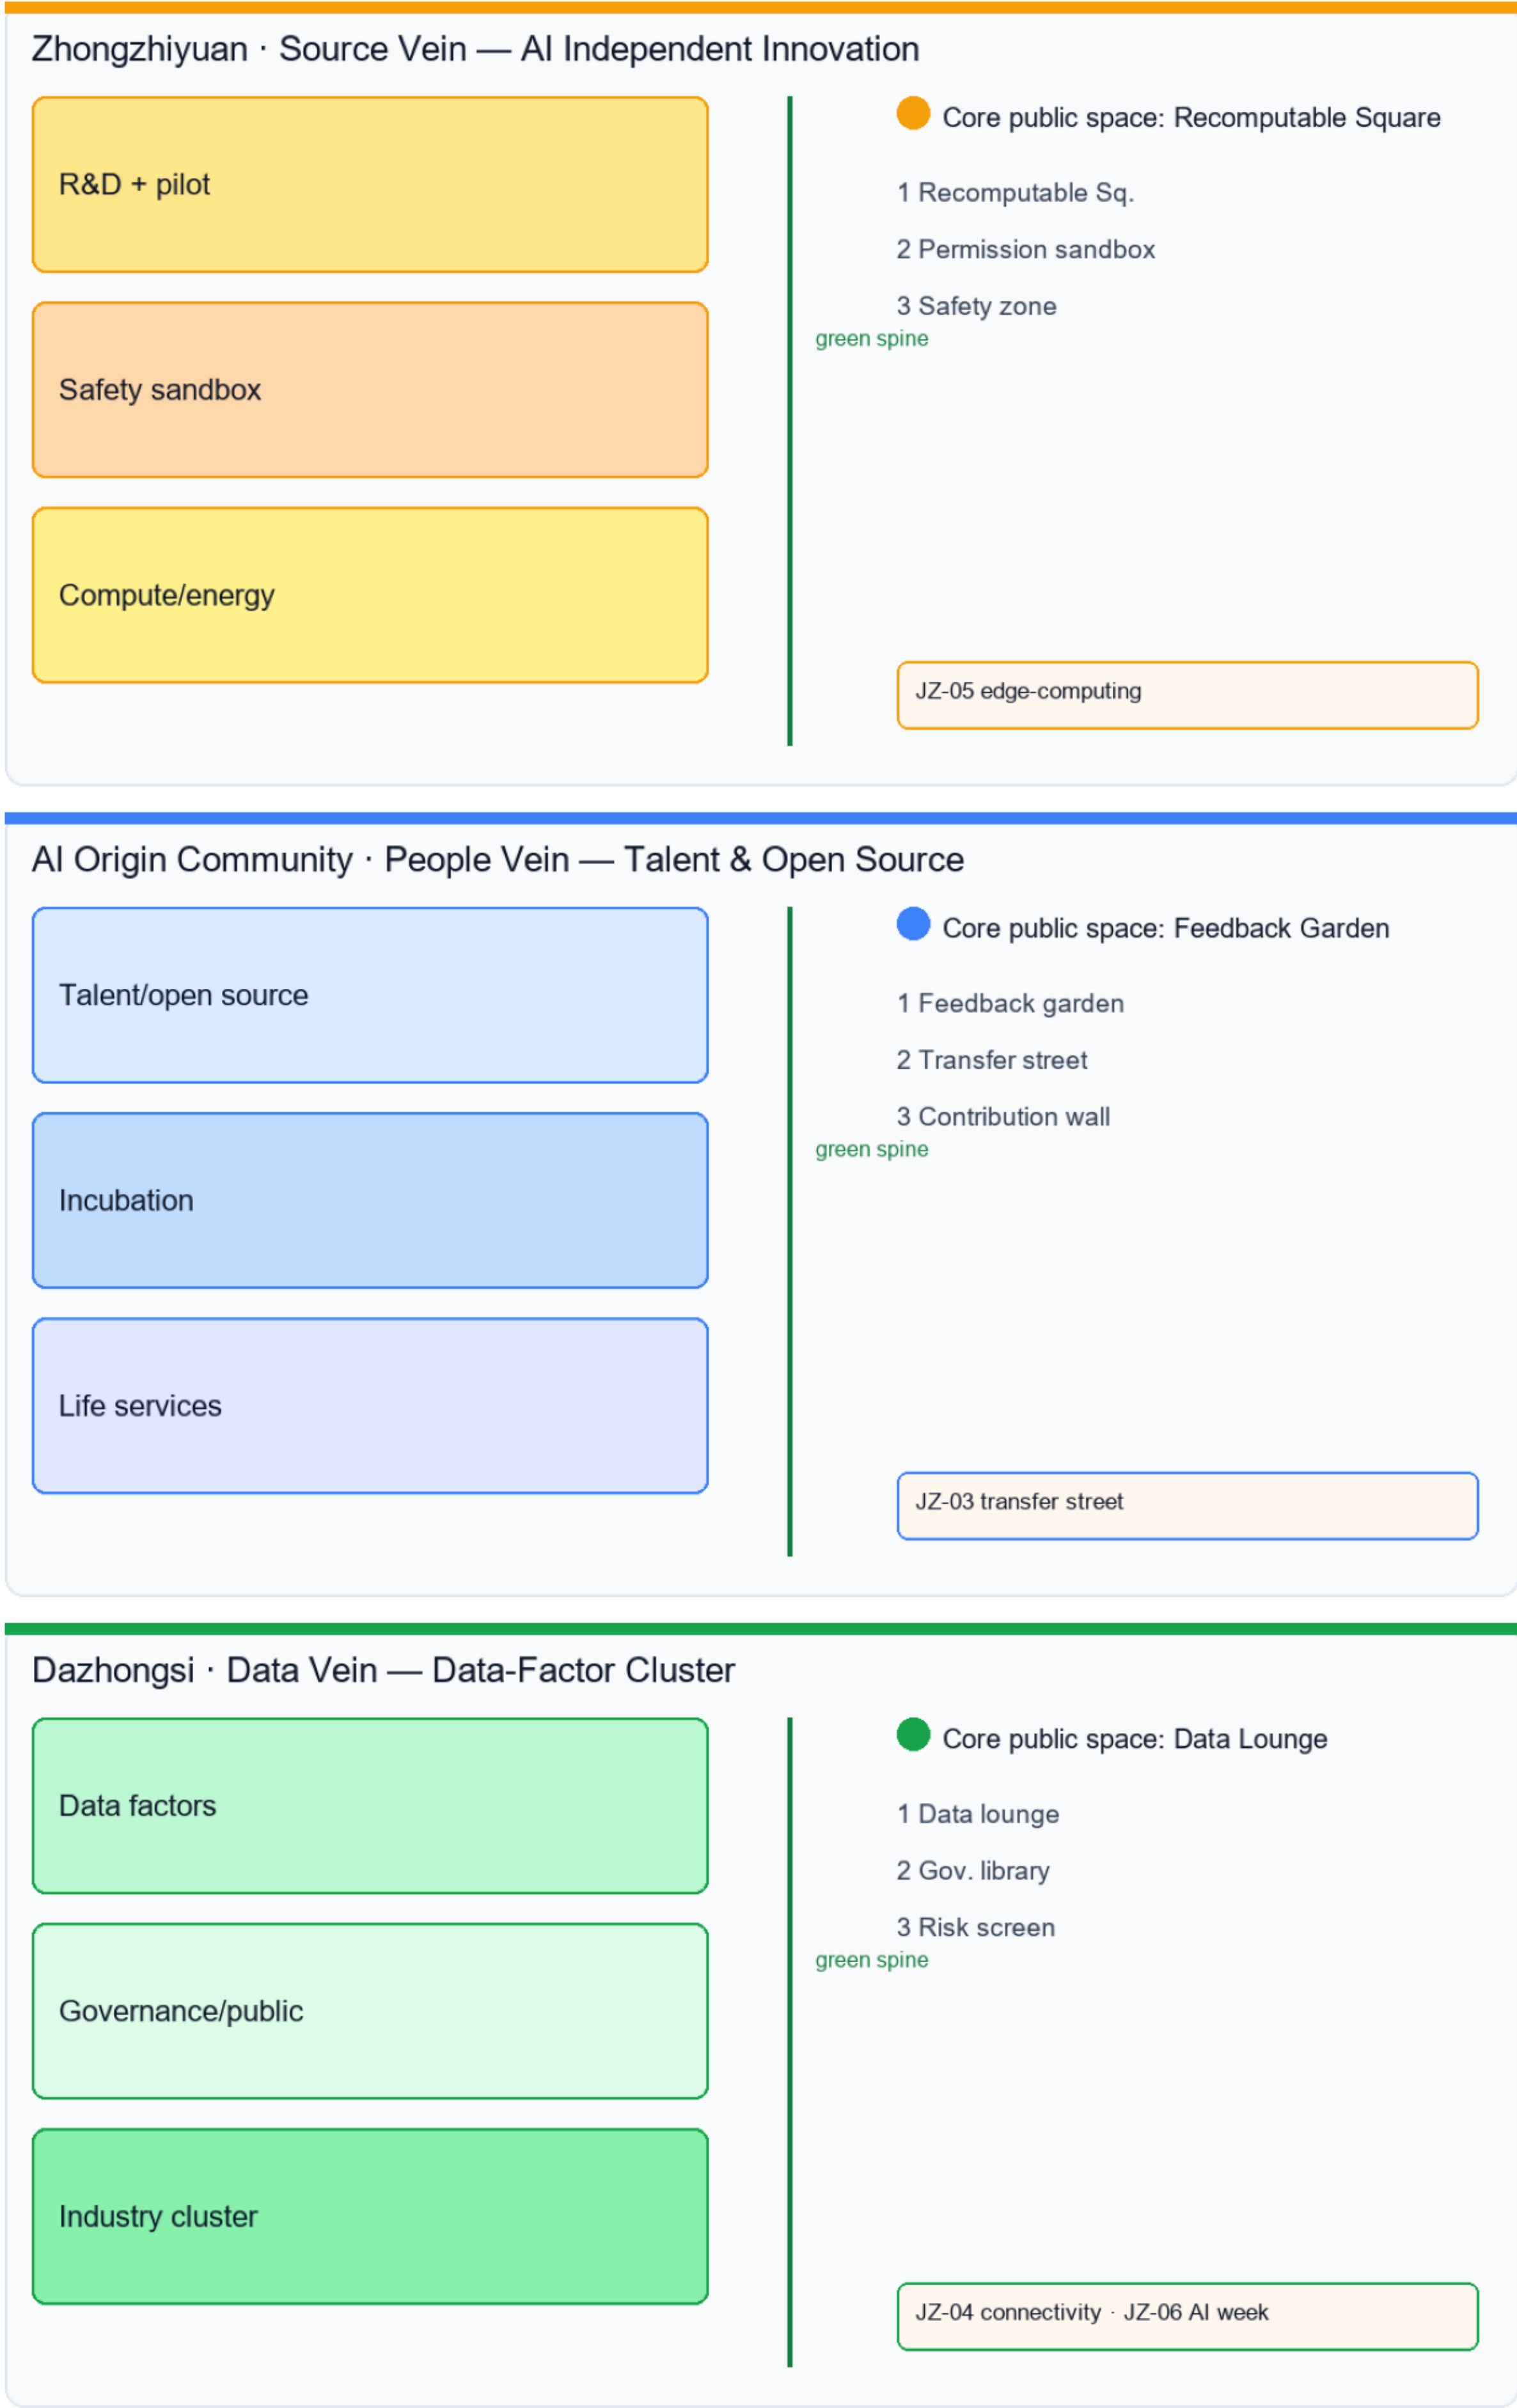

Civic Agent Governance · Neural Governance · Site Overview

△ Conceptual · provisional boundary · not existing-site evidence · not approval basis · full recomputation on official geometry

Three Key Areas · Conceptual Functional Layout

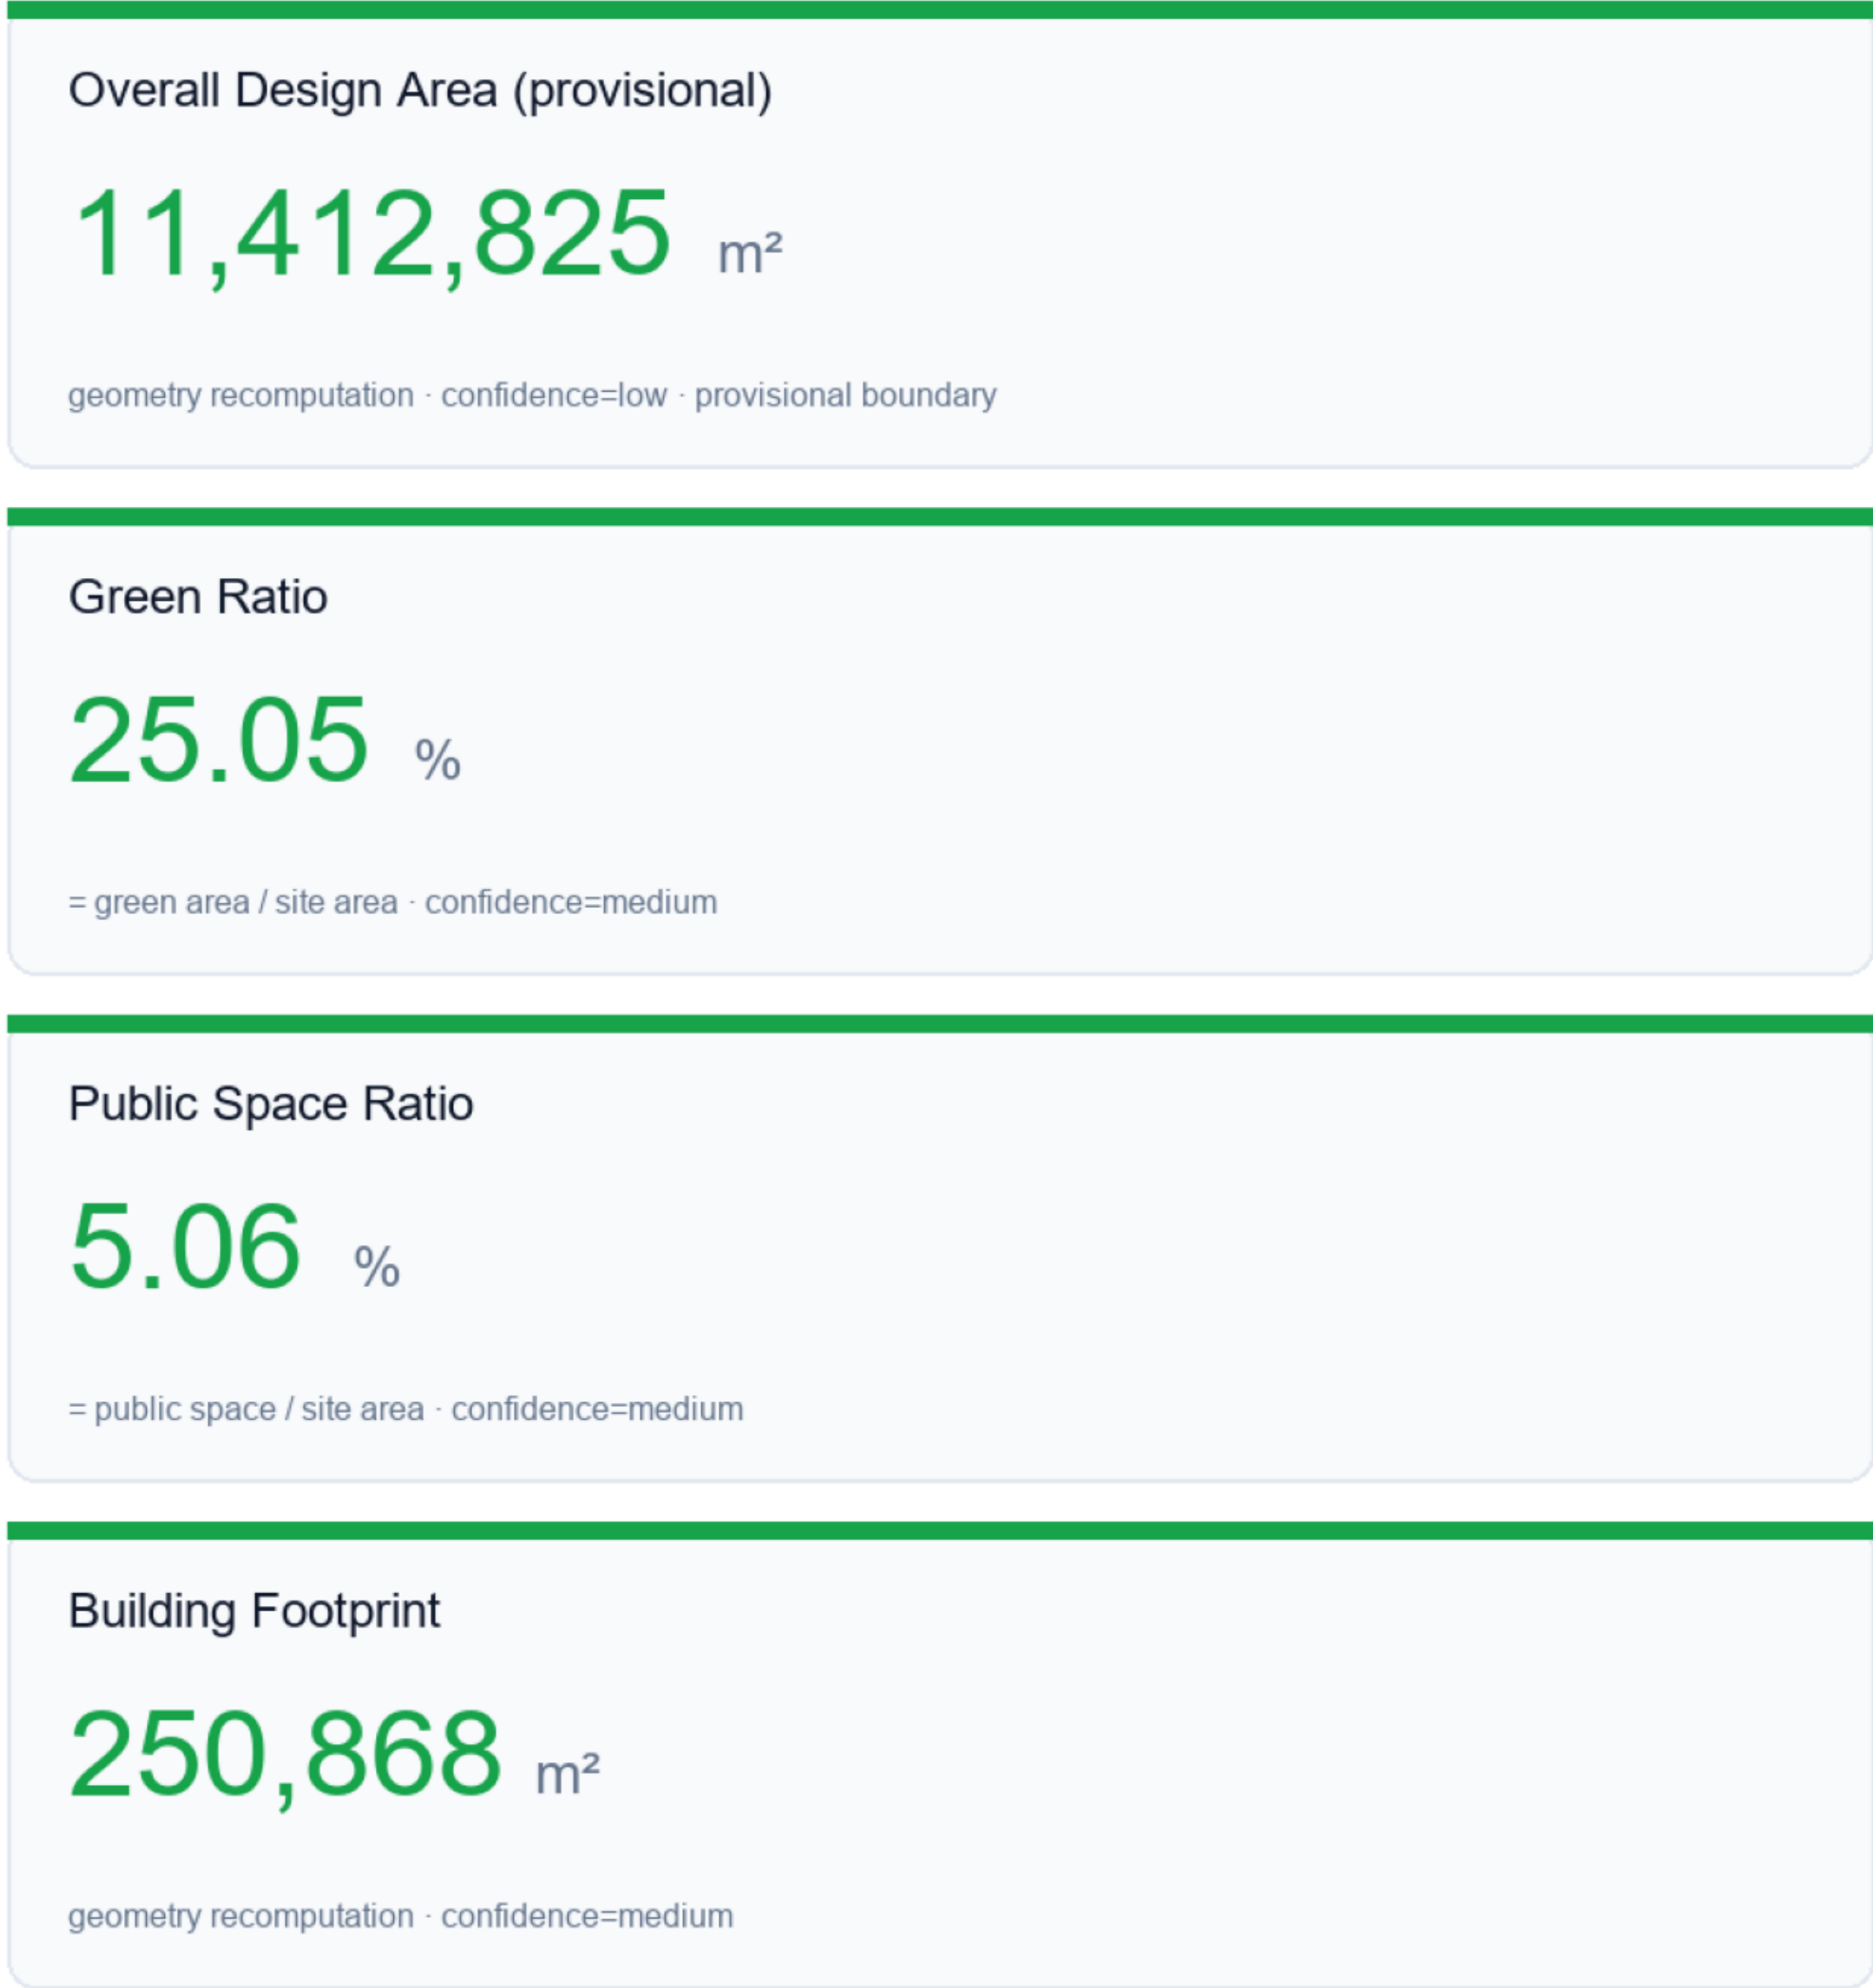

conceptual zones / public space / scenario nodes / JZ anchors (provisional rough, not plot redlines)

□ Conceptual functional layout · provisional rough range · not existing conditions / plot redlines / approval basis

Core Metrics · Recomputable Verification Wall

All values recomputable from geometry/" .geojson (see spatial_review)

Verification wall: geometry → recompute → compare → disclose (recomputable = refutable)
