02 / STRUCTURE

# ONE SPINE / THREE YARDS / TWO WINGS

Conceptual cells cover the site; statutory metrics remain unknown

**RESEARCH + LEARNING**  
SMALL CELLS  
Clustered around the three yards

**LIVING + SERVICE**  
EVERYDAY FIRST  
Daily life keeps priority

**GREEN + PLAZA**  
PUBLIC BUFFER  
Quiet fallback remains open

**RESERVE + MIX**  
REVERSIBLE  
Borrow, evaluate, then retain

18 CELLS / ZERO GAP / ZERO OVERLAP

PROVISIONAL SCOPE · NOT AN OFFICIAL REDLINE · PROFESSIONAL

## LEAVE ROOM FOR INNOVATION · KEEP A FALLBACK FOR DAILY LIFE

SPACE / TIME / ROUTE / COMPUTE / HUMAN AUTHORITY

### 01 SPACE MARGIN

Small cells, adaptable ground floors and mobile elements: borrow, evaluate, then retain.

### 02 TIME MARGIN

Every pilot has a start, review and exit time; trials that fail review do not renew by default.

### 03 HUMAN AUTHORITY

Notice, refusal, appeal and takeover; every scenario keeps a no-AI equivalent service.

## LEAVE ROOM FOR INNOVATION · KEEP A FALLBACK FOR DAILY LIFE

SPACE / TIME / ROUTE / COMPUTE / HUMAN AUTHORITY

01

ROUTE MARGIN

One continuous spine and four cross-links retain quiet, accessible, static routes.

02

COMPUTE MARGIN

Edge, shared and cloud tiers; essential public services persist when networks or models stop.

03

HUMAN GATE

Isolation, insurance, expert review and accountable operation precede any public trial.

## LEAVE ROOM FOR INNOVATION · KEEP A FALLBACK FOR DAILY LIFE

SPACE / TIME / ROUTE / COMPUTE / HUMAN AUTHORITY

01 EVIDENCE GATE

Compute only areas, ratios, lengths and counts supported by the current GeoJSON.

02 RECALCULATE

When official polygons arrive, recompute layers, metrics, figures, PDFs and HTML as one package.

03 EXIT GATE

Every pilot publishes its pause threshold, accountable person and removal time; a failed review closes the pilot.
