

BellPivot AI Precinct - Concept Booklet

Centennial Jingzhang AI Innovation Belt international call • Dazhongsi AI Industry Cluster (concept)

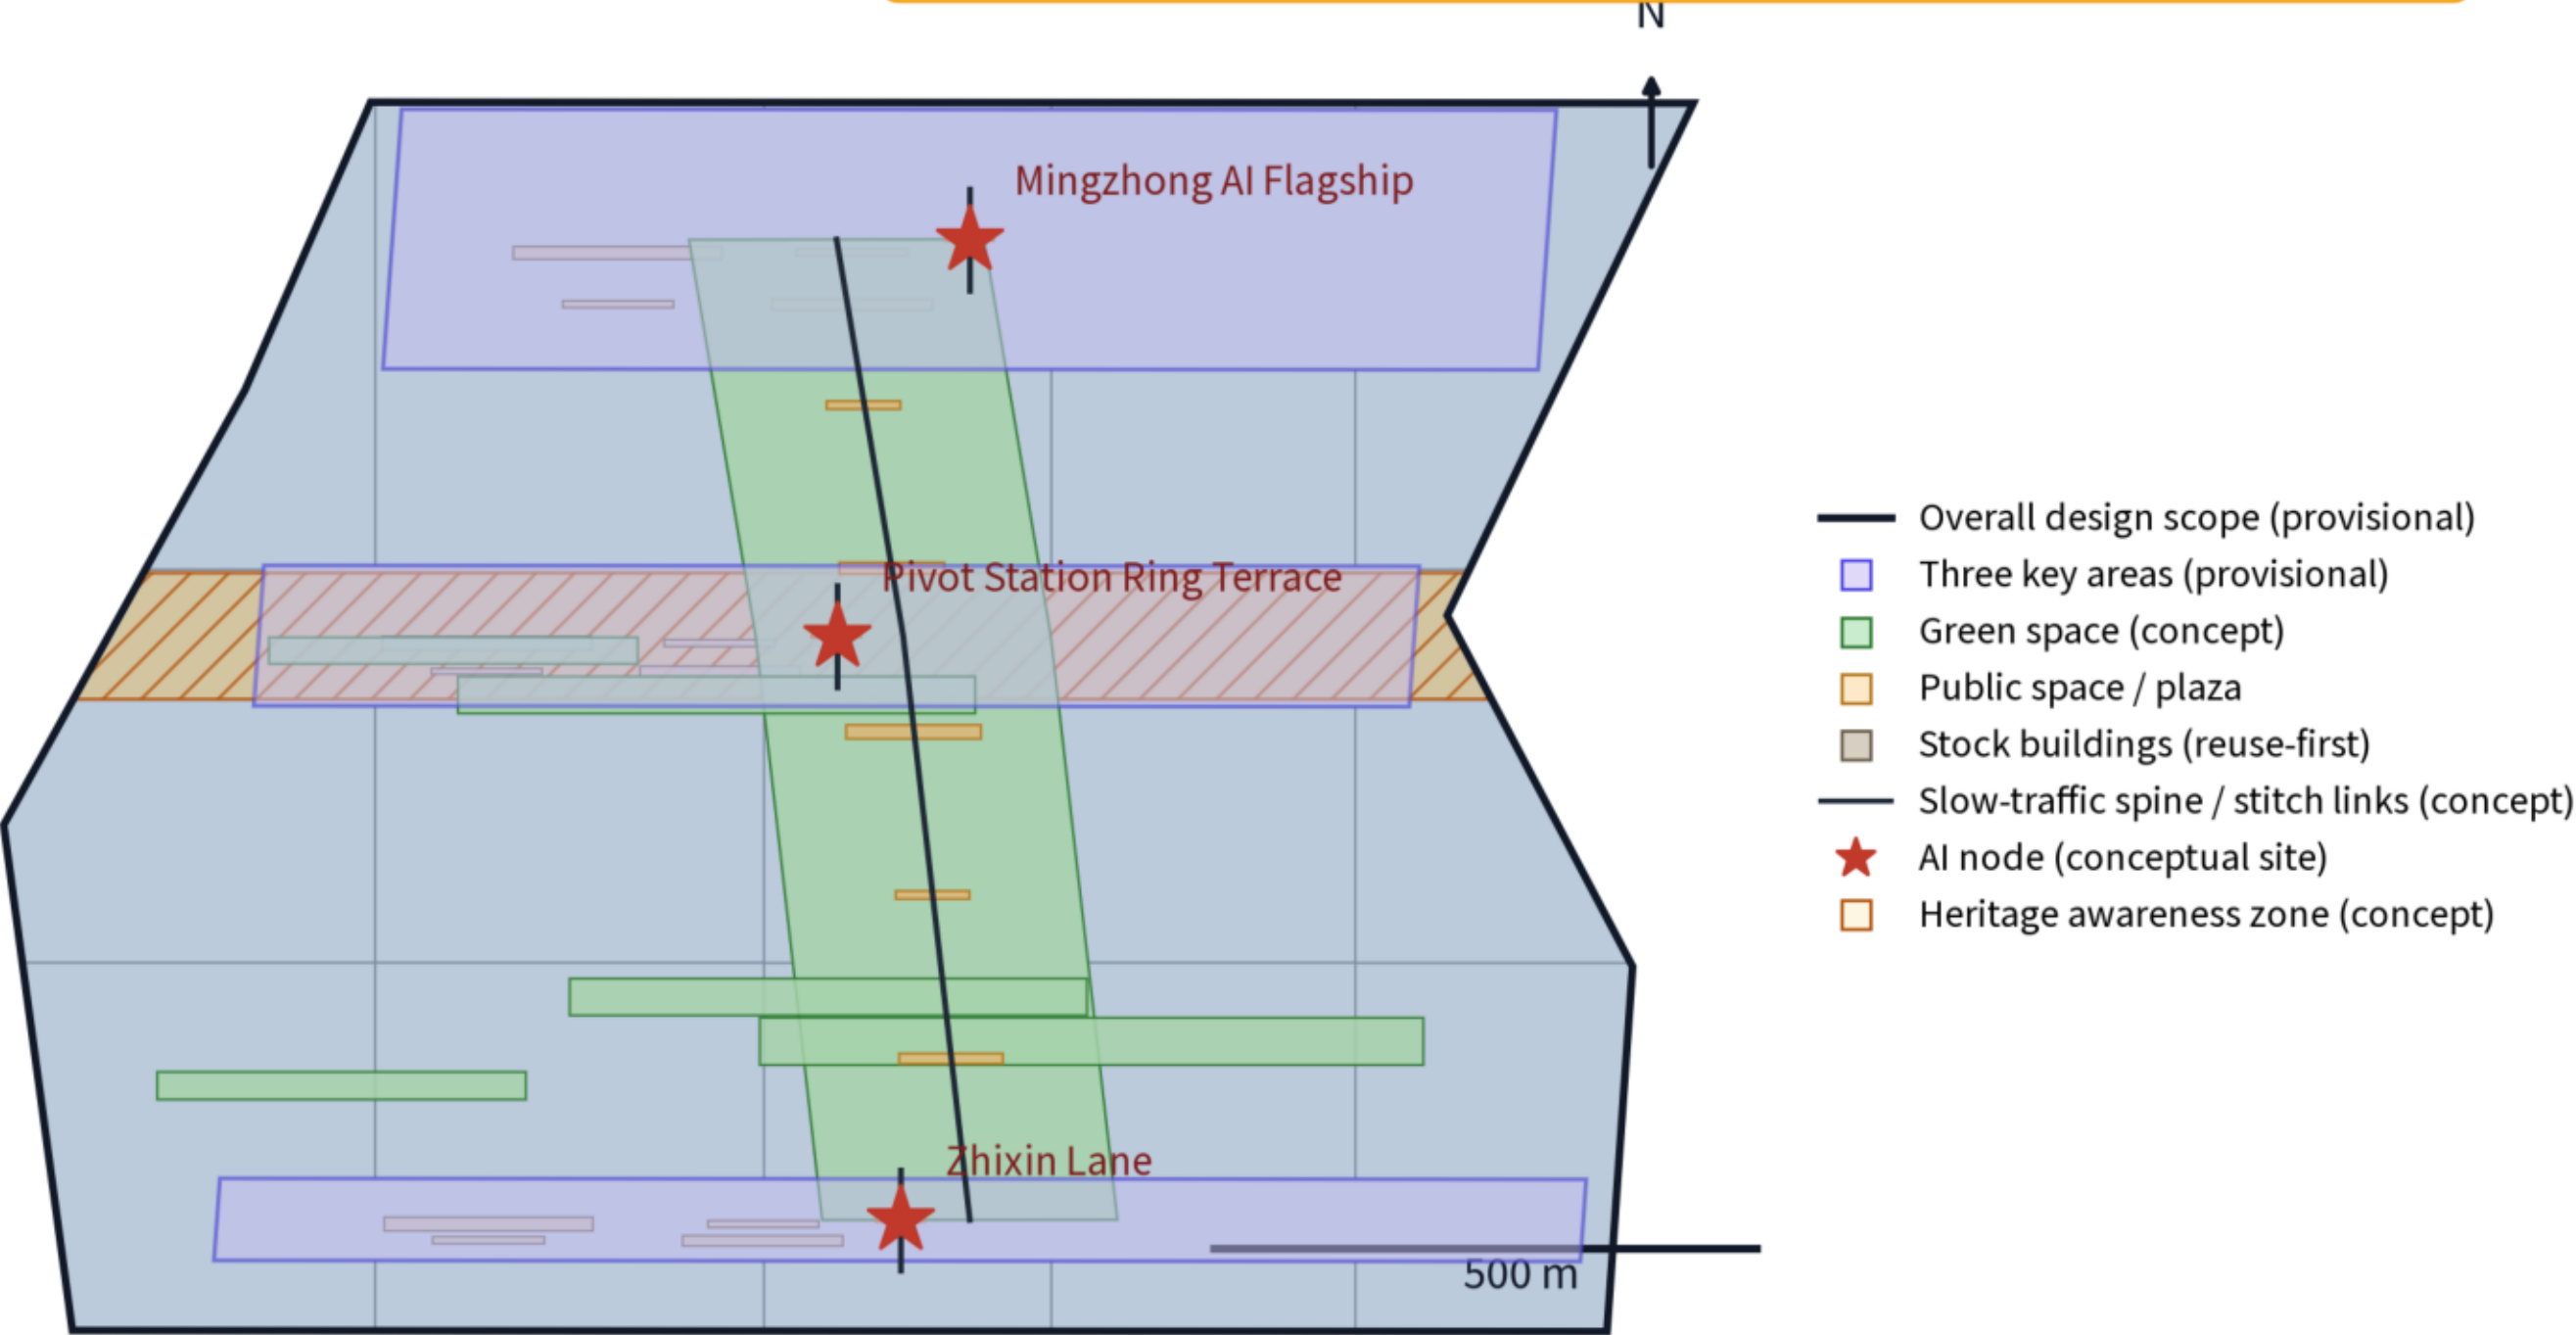

PROVISIONAL boundary • not an official redline • recalculate after official data

Three-tier scopes (official text caliber): coordinated study $\approx 43.6 \text{ km}^2$ • overall design $\approx 11.4 \text{ km}^2$ • key areas $\approx 368.4 \text{ ha}$ total (Dazhongsi cluster $\approx 72 \text{ ha}$); this package deepens the Dazhongsi AI Industry Cluster within the overall design scope.

Overall Design Overview (provisional geometry)

Overall Design Overview — Dazhongsi AI Industry Cluster (provisional geometry)

PROVISIONAL boundary • not an official redline • recalculate after official data

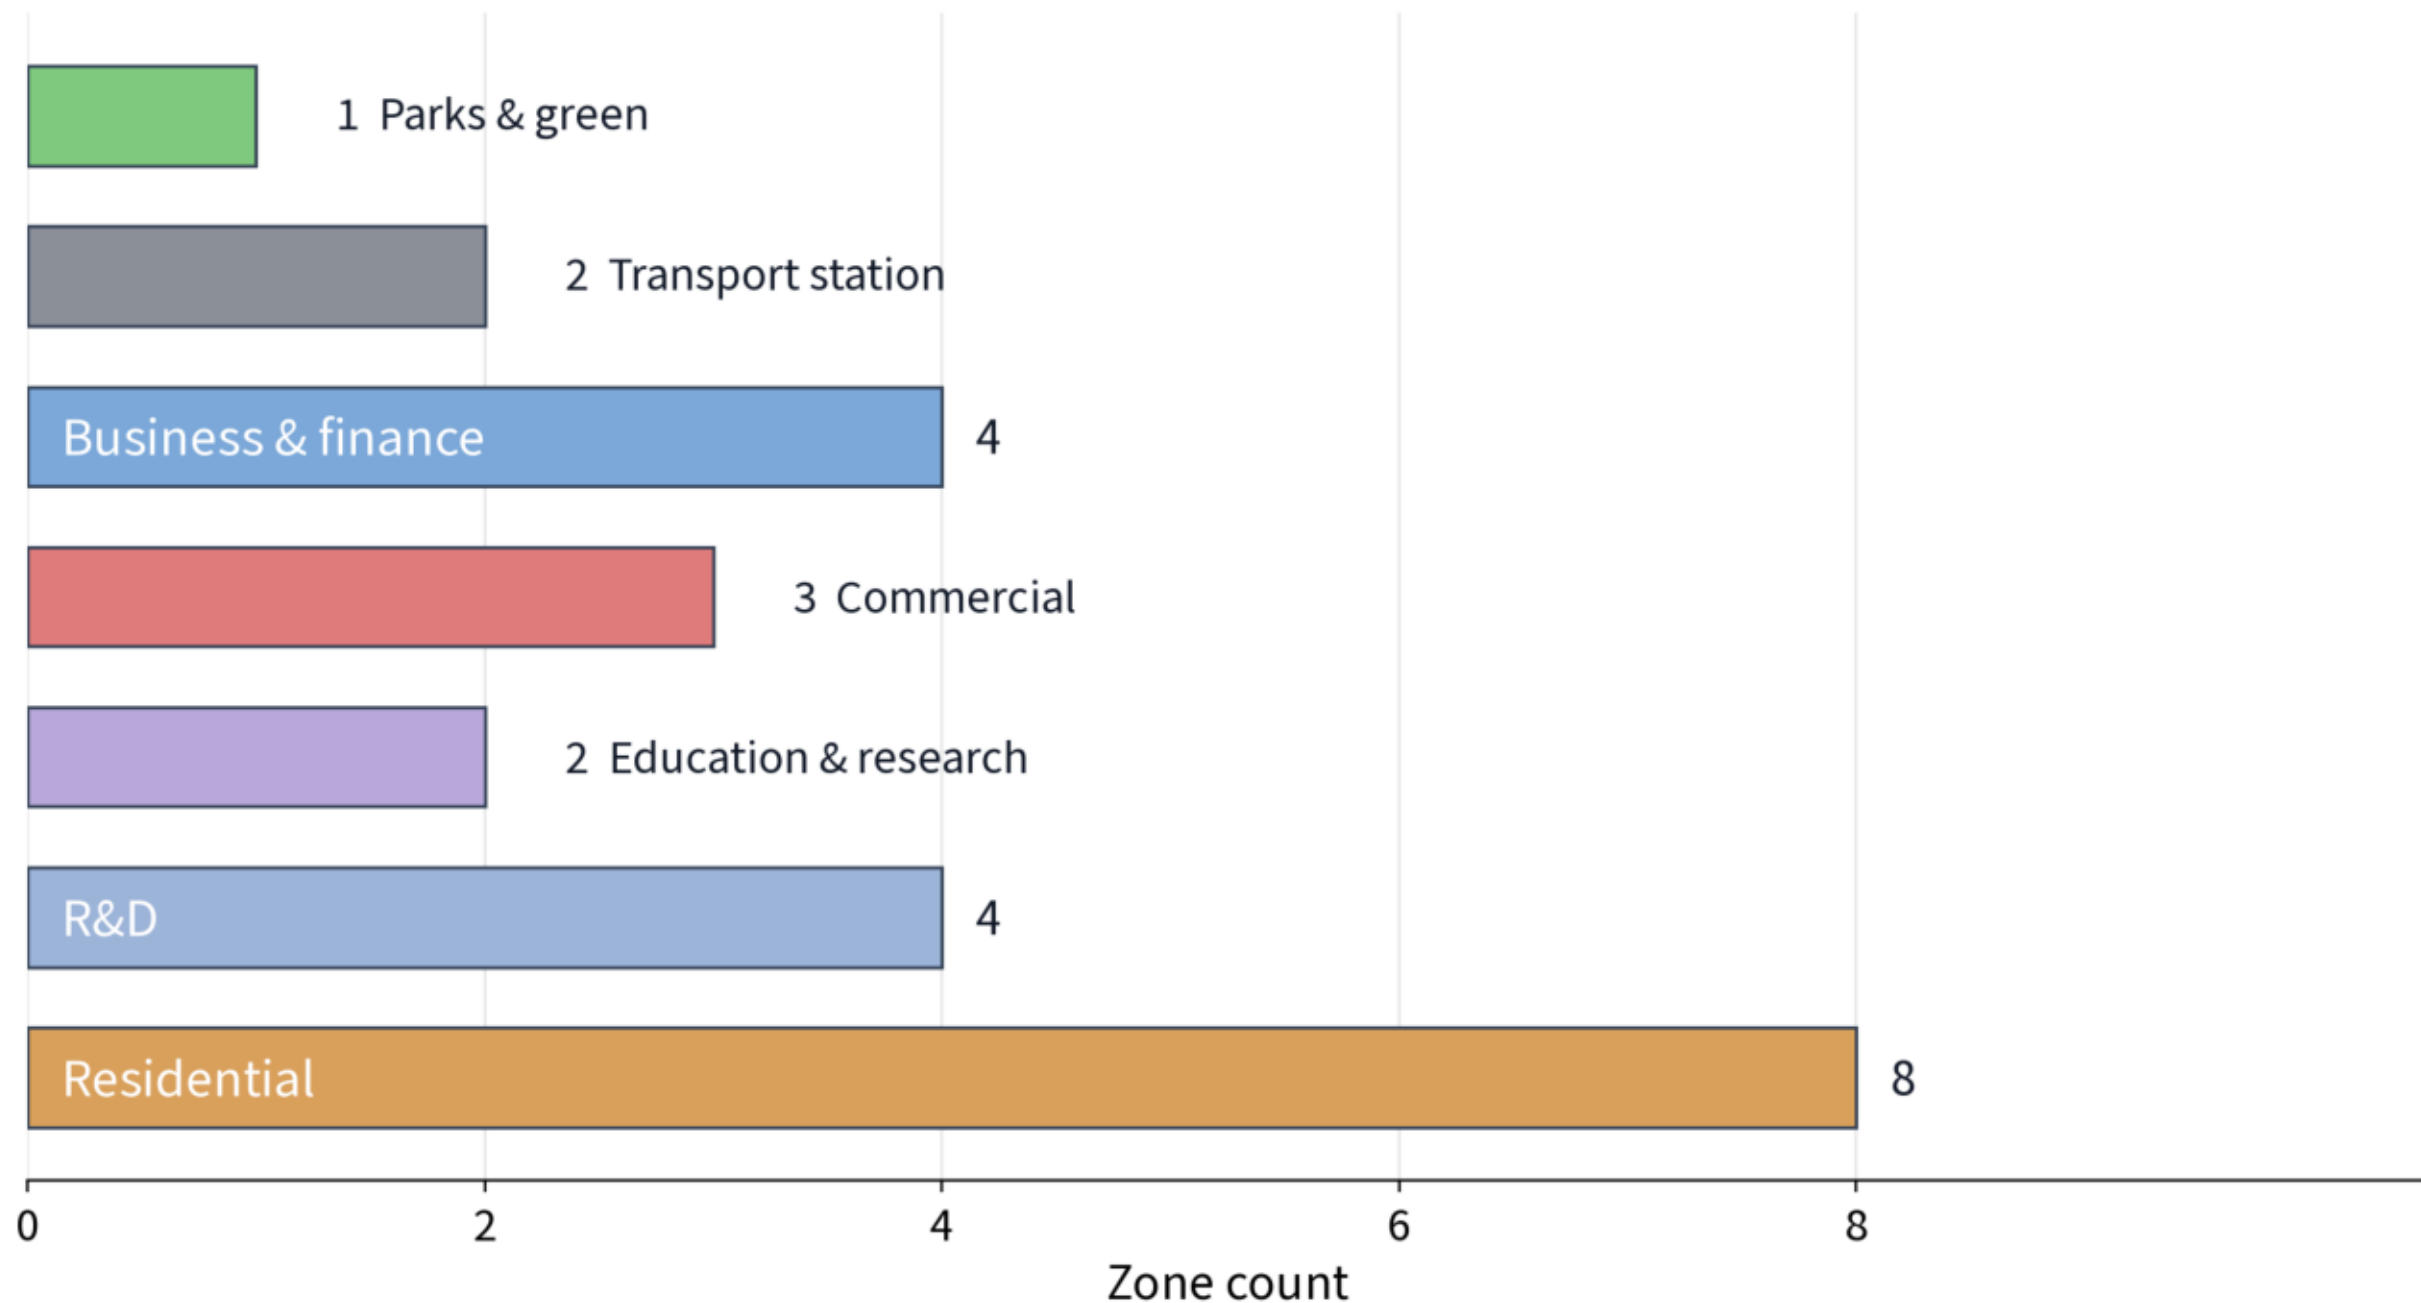

Areas and ratios are rounded concept values; recalculate by the declared formulas after the organizer publishes official boundaries and baseline data.

Land-Use Structure (single-caliber concept)

Conceptual land-use structure (zone counts in land_use.geojson, single caliber)

PROVISIONAL boundary • not an official redline • recalculate after official data

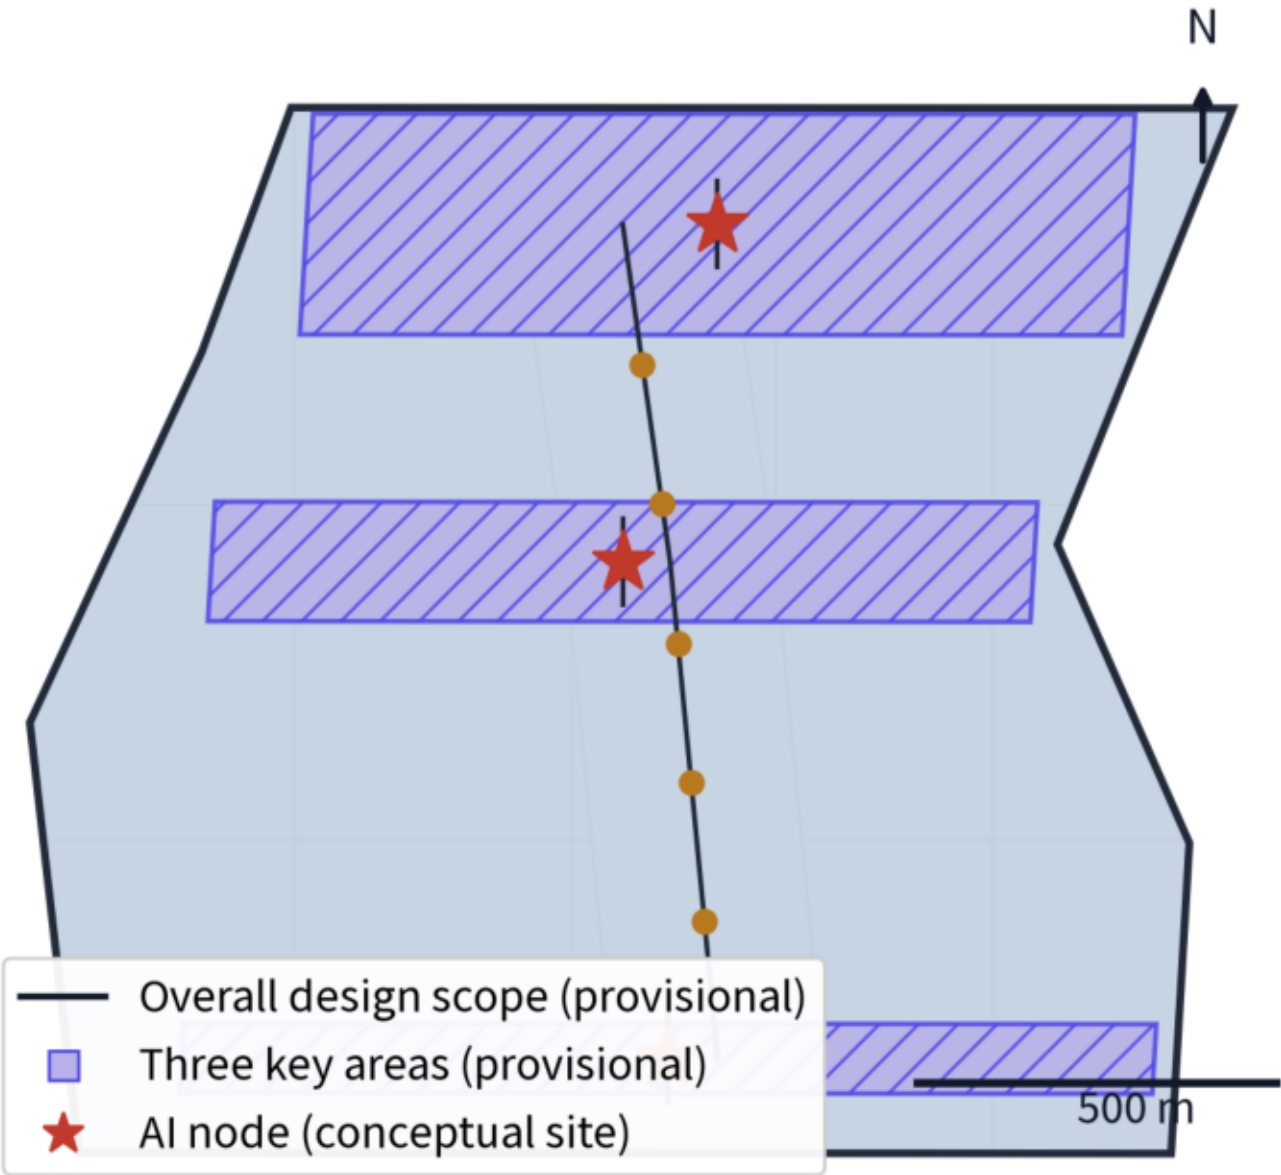

Land-use class names follow the national Land Use & Sea Classification Guide; no official baseline exists yet; shares are conceptual scenarios recomputed by the same formulas after official data is published.

PROVISIONAL boundary • not an official redline • recalculate after official data

Three Nodes: Index and Original Spatial Devices (concept)

Three Nodes: Original Spatial Devices, Index and Design Tasks

PROVISIONAL boundary • not an official redline • recalculate after official data

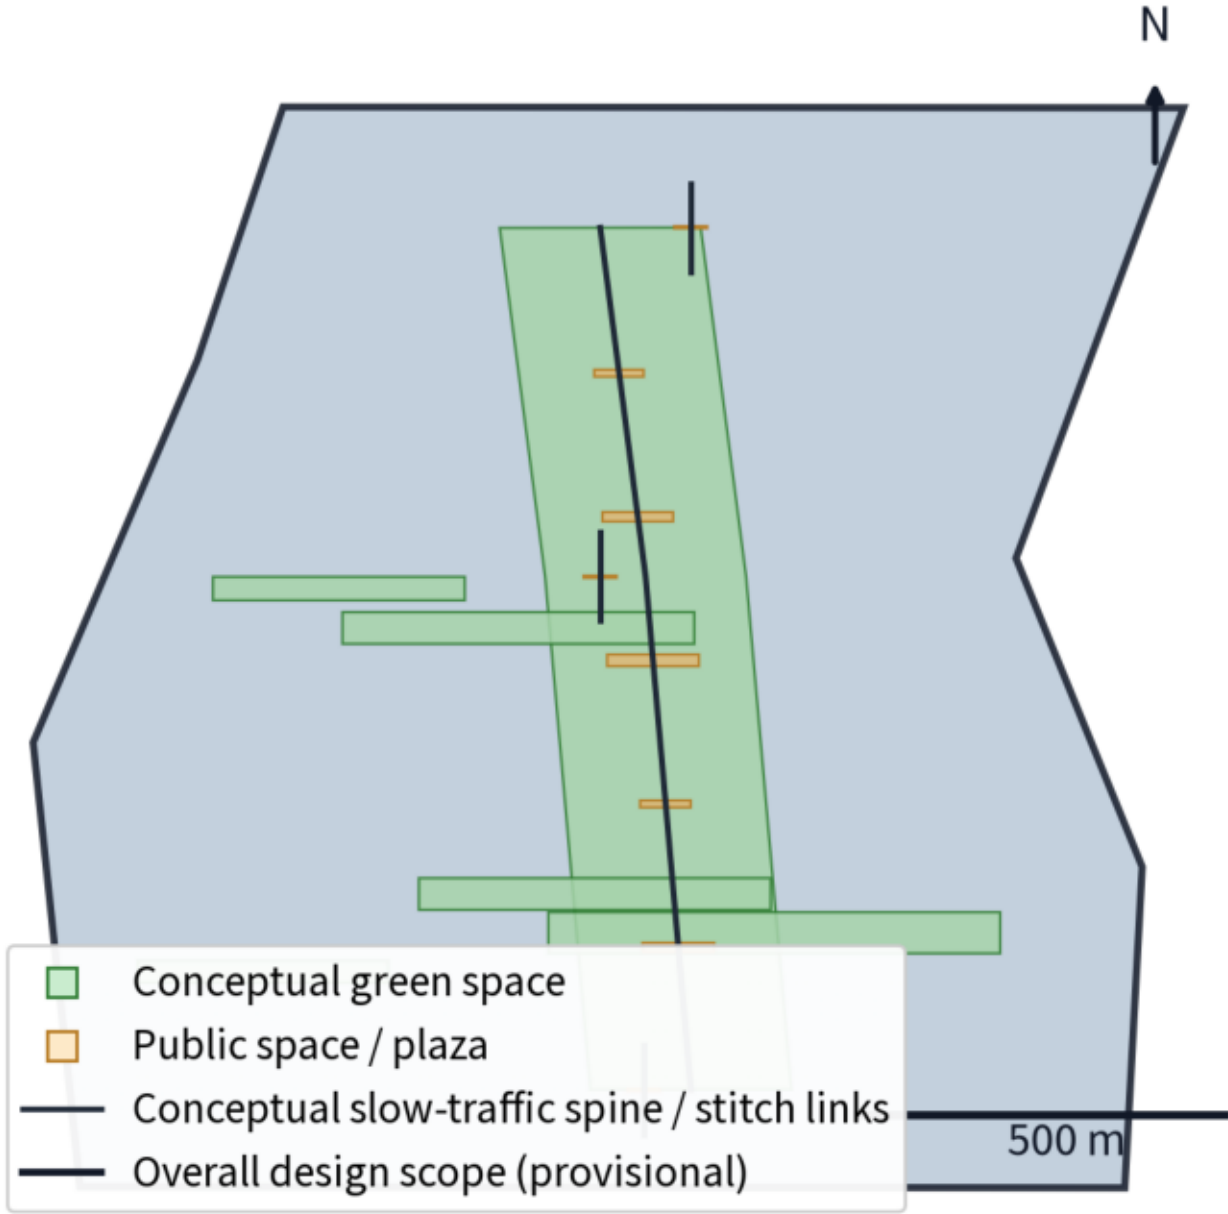

- Mingzhong AI Flagship**
Native-AI flagship complex
Device: Pendulum Transfer Core — vertical + horizontal two-way transfer
Flagship firms • showroom • compute window
- Pivot Station Ring Terrace**
Station-city TOD node (hub living room)
Device: Twin-Ring Terrace — 5-min transfer inner ring, station-city living
Air rights • 3D mixed use • day-night active
- Zhixin Lane**
Start-up acceleration block
Device: Weave-Grid Block — innovation warp axis x living weft lanes
Incubation • shared verification • pilot lines

Mobility & Blue-Green Network (concept)

Mobility & Blue-Green Network (with street section)

PROVISIONAL boundary • not an official redline • recalculate after official data

Street section (conceptual)

Building ground floor

Green belt

Pedestrian walkway

Cycle lane

Carriageway

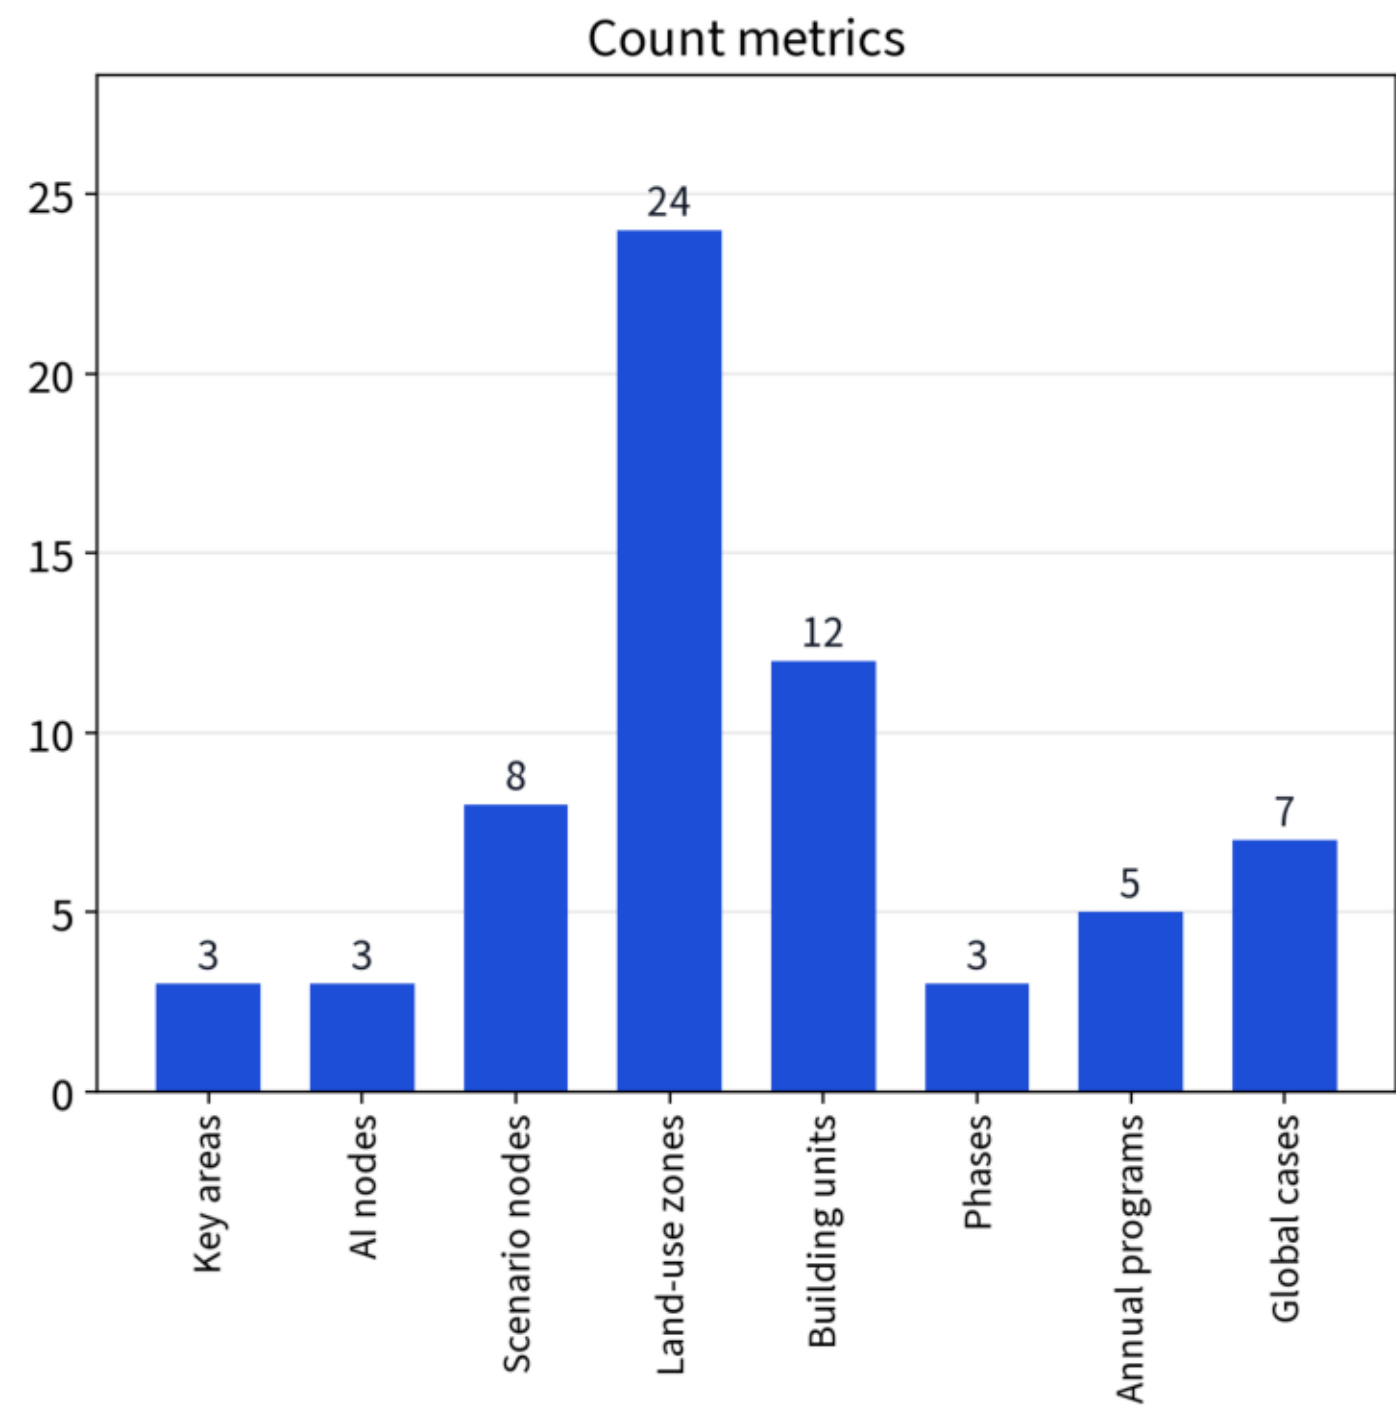

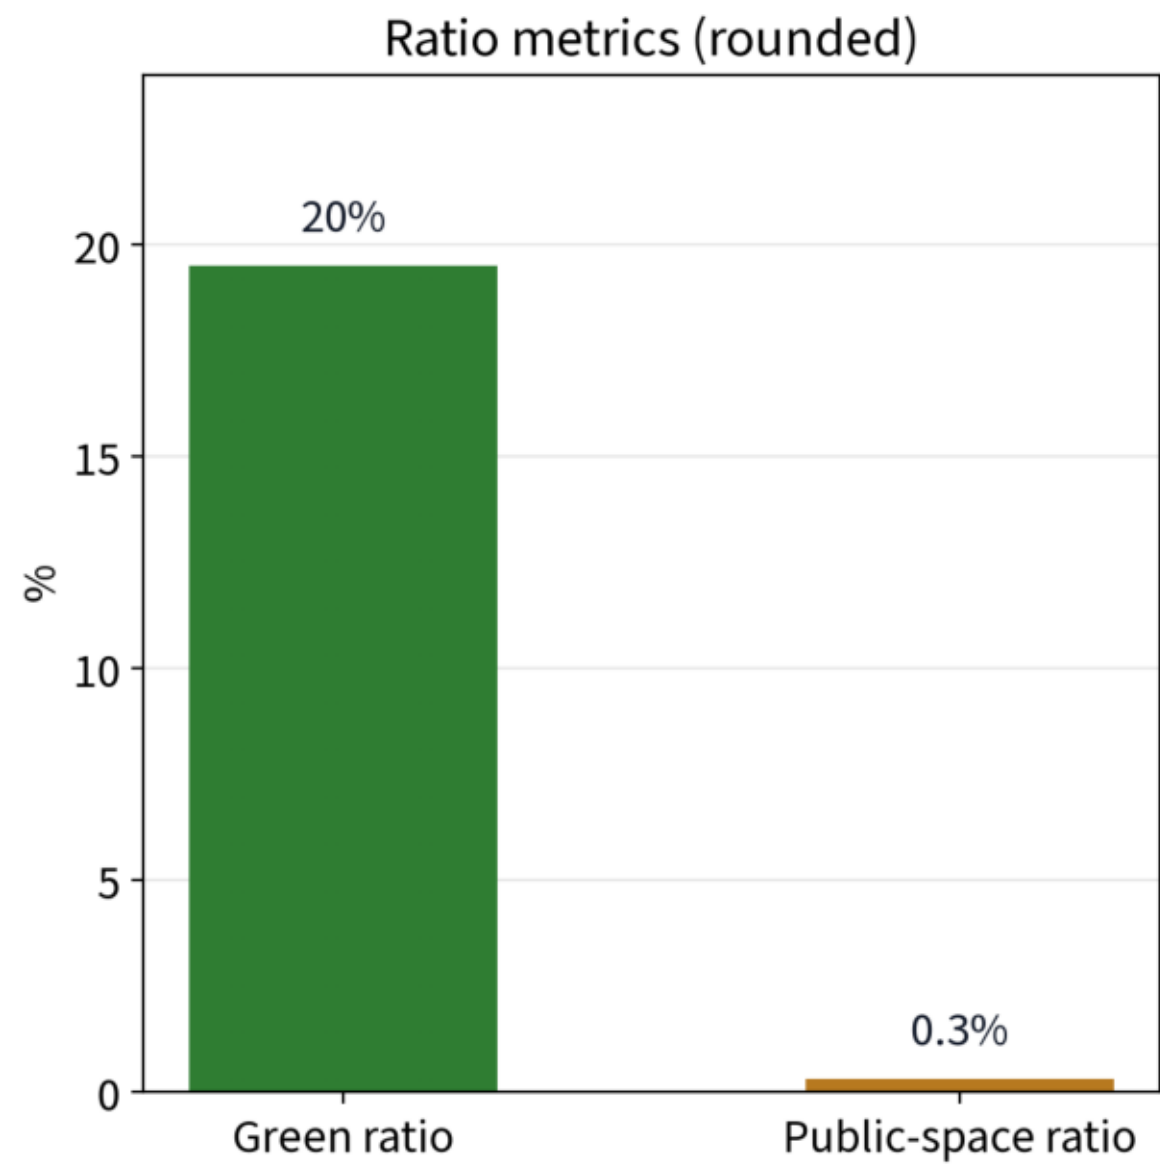

The section is a conceptual sketch, not an engineering cross-section.

Areas and ratios are rounded concept values; recalculate by the declared formulas after the organizer publishes official boundaries and baseline data.

Core Metric Evidence (provisional recompute)

Key Metric Evidence (ratios and counts on separate axes, rounded)

PROVISIONAL boundary • not an official redline • recalculate after official data

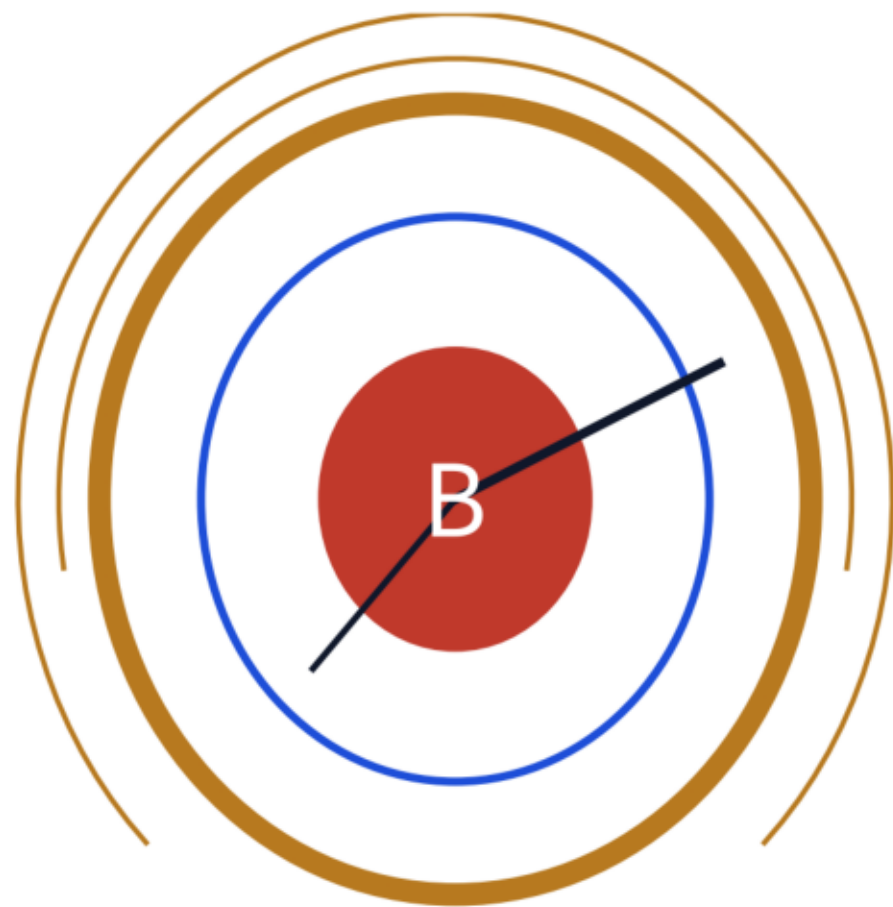

Source: metrics.json; formulas, confidence, use limits and recompute triggers are listed in the metrics table of proposal.md.

Brand Logo & Visual Identity (concept)

Logo & Visual Identity (concept)

PROVISIONAL boundary • not an official redline • recalculate after official data

BellPivot AI Precinct

The bell tolls; the pivot turns

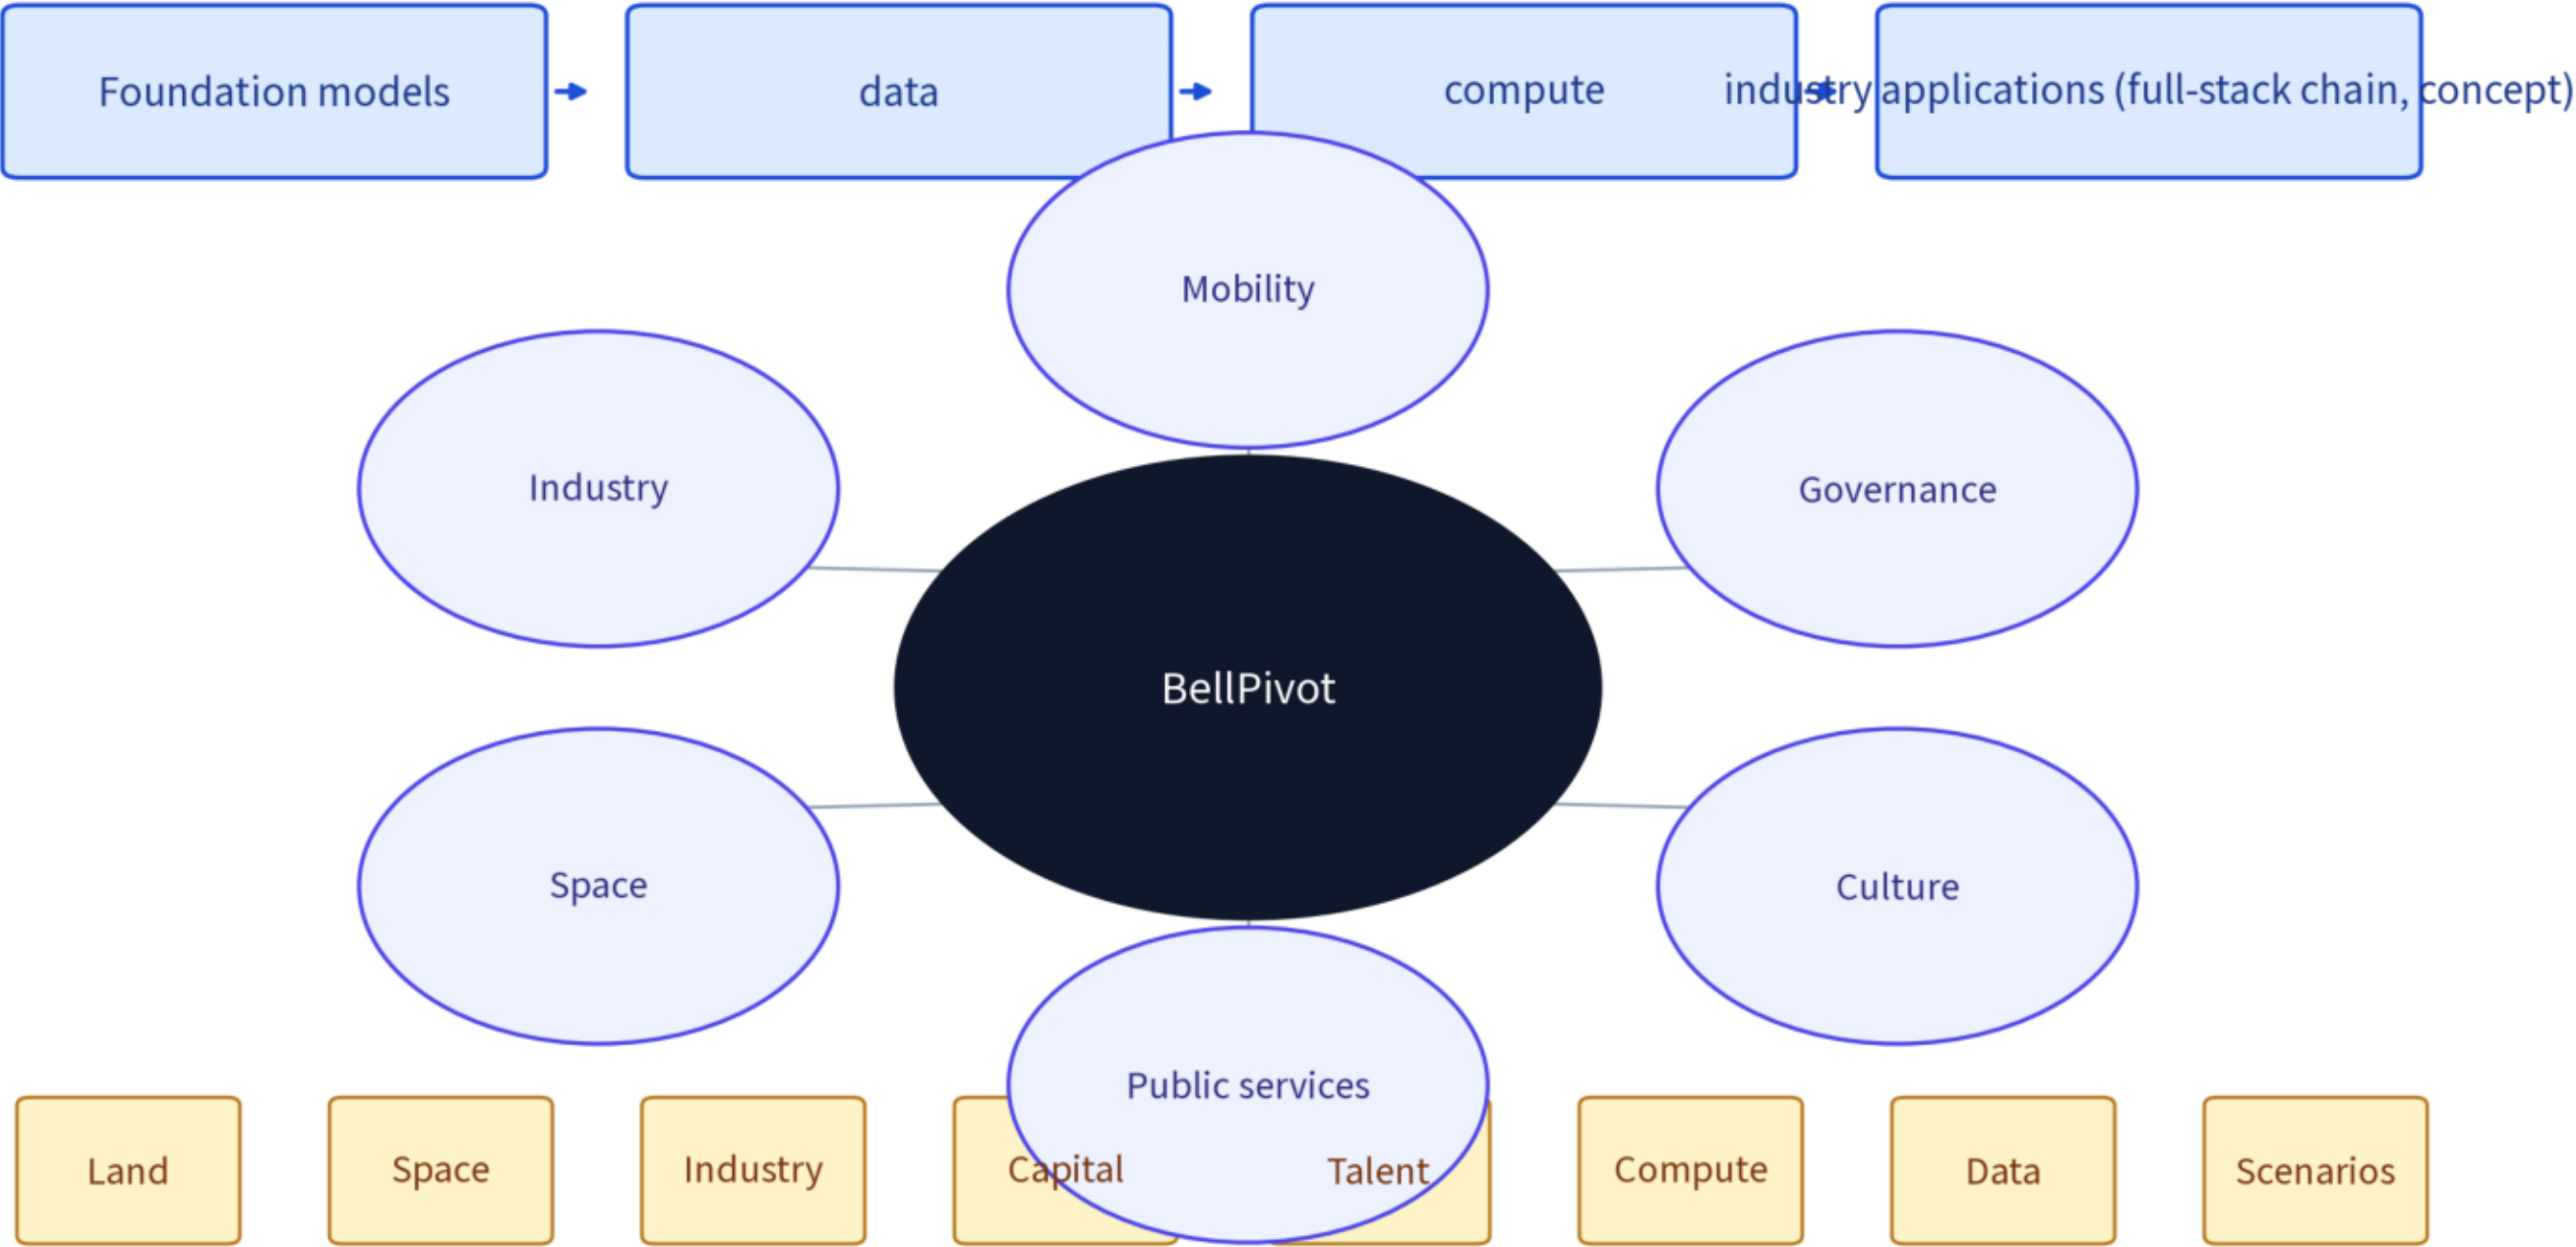

VI uses: wayfinding / kiosks / floor marks • unified stroke • all-age readable

Typeface: Noto Sans SC (OFL) • Motif: bell-wheel (bell ring + pivot hands + sound-wave arcs) •
Concept stage: no trademark search completed; names and marks are internal working codenames only.

AI Industry Ecosystem Map (concept)

AI Industry Ecosystem Map (concept): Full-Stack Chain x Six Domains x Eight Factors

PROVISIONAL boundary • not an official redline • recalculate after official data

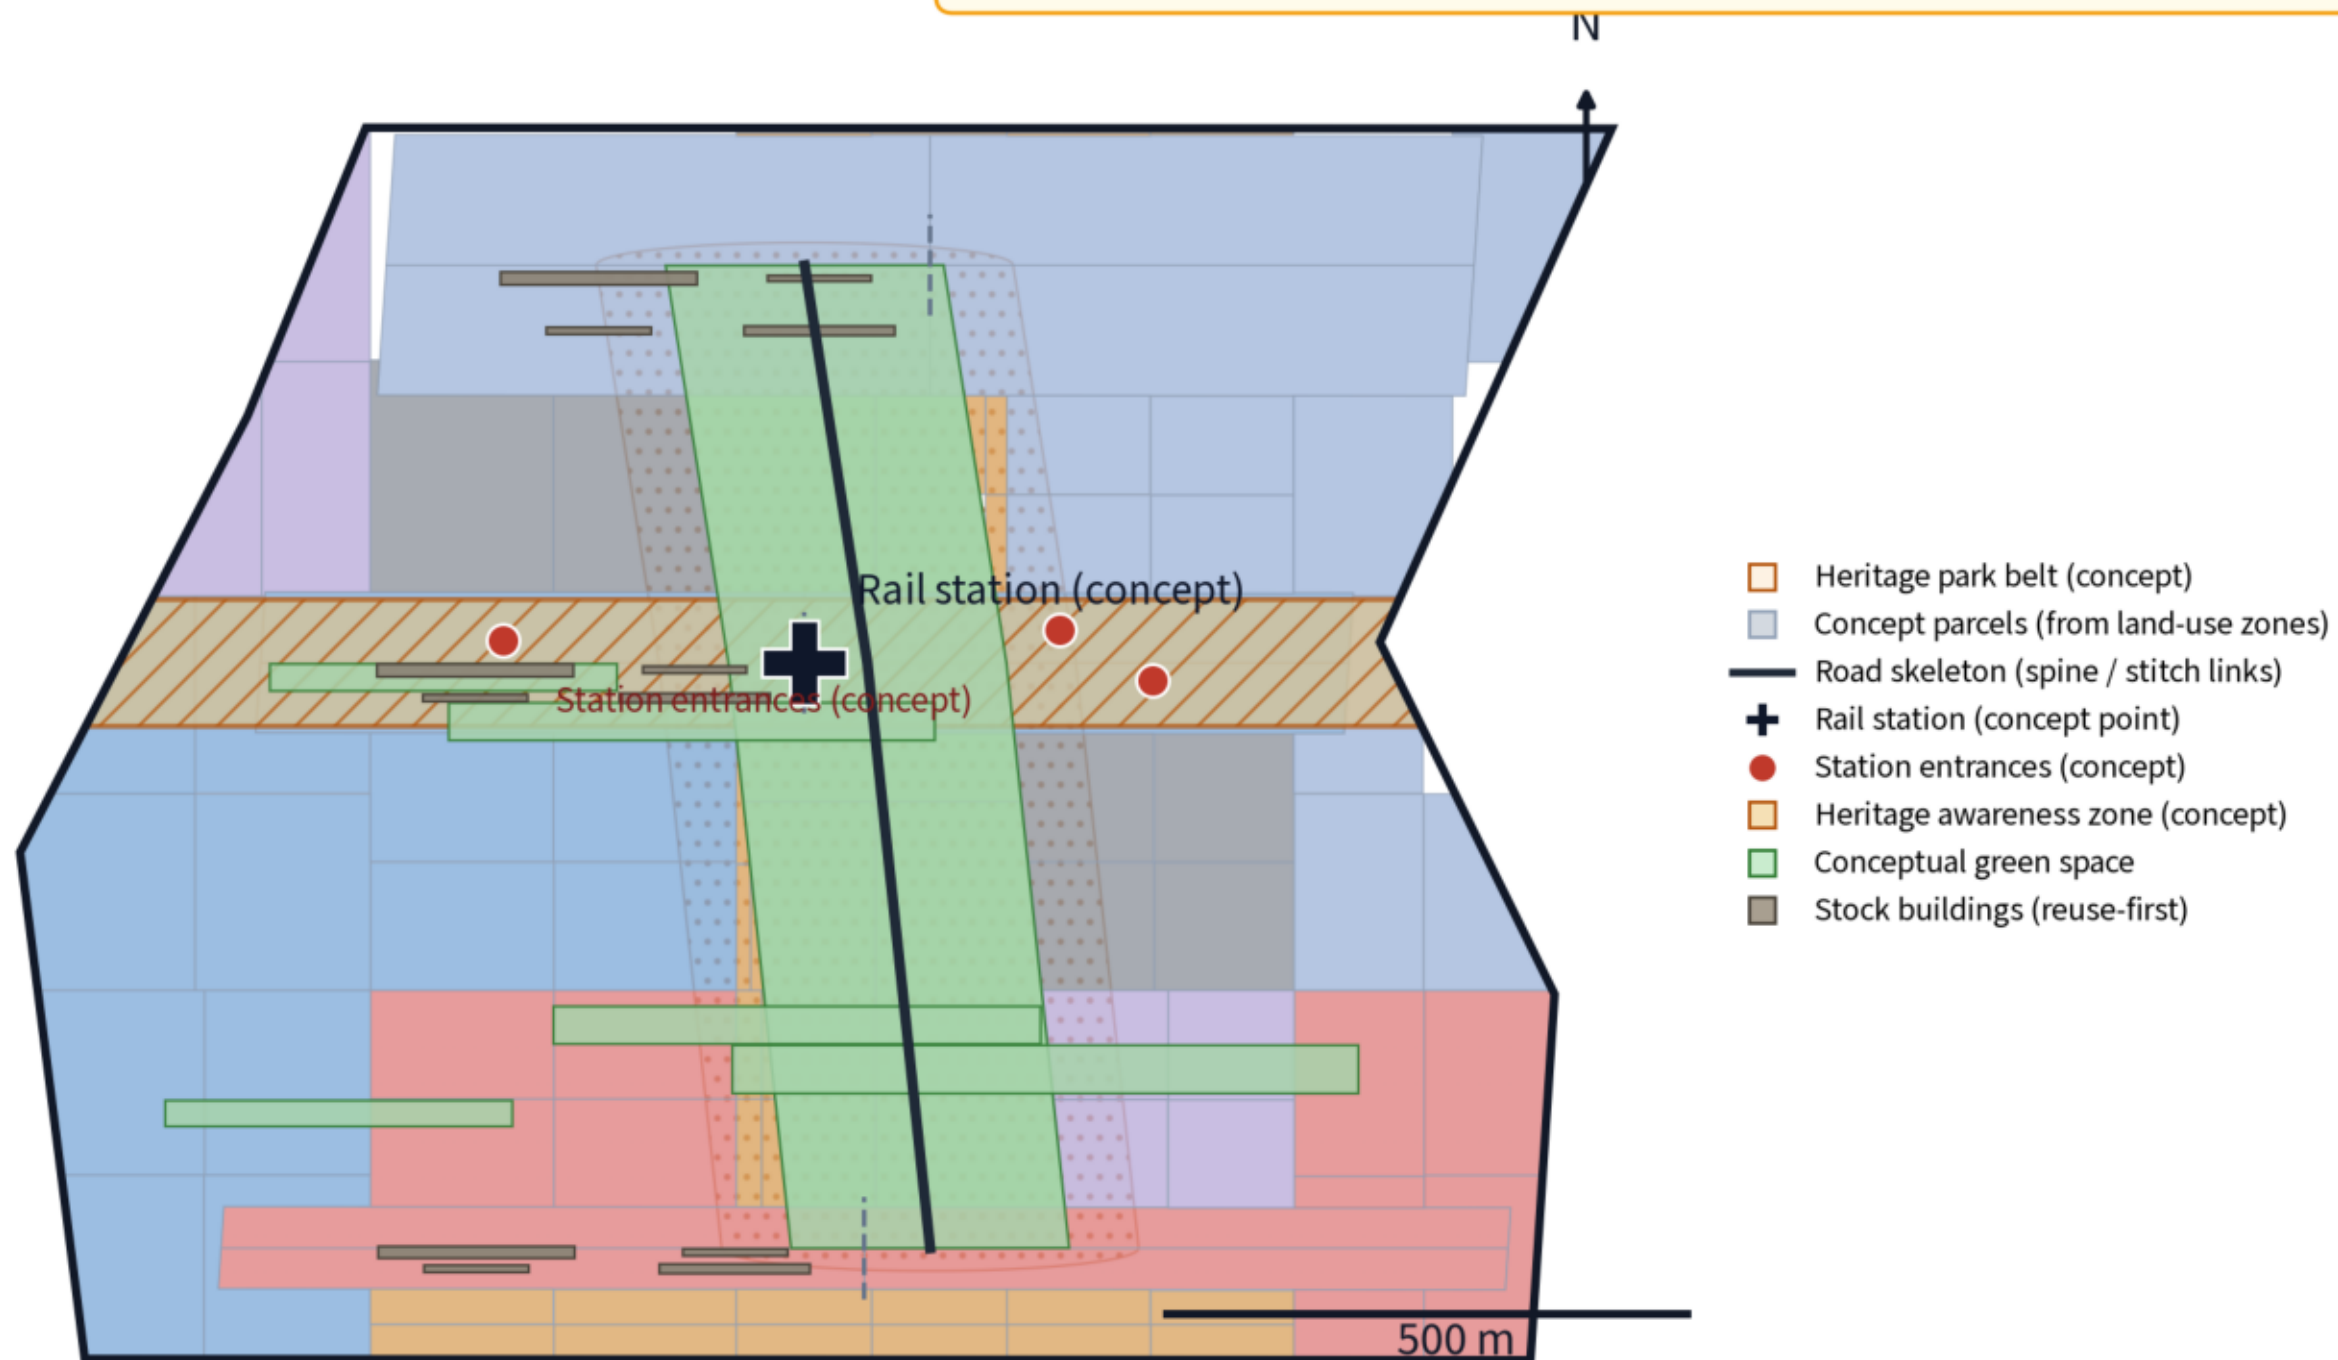

The ecosystem map is conceptual; no conclusion on the scale of nodes or links; anonymized aggregation only, human review of key decisions, no over-surveillance.

PROVISIONAL boundary • not an official redline • recalculate after official data

Professional Deepening Index Map (concept)

Professional Deepening Index Map (concept): parcels • roads • station entries • constraints

PROVISIONAL boundary • not an official redline • recalculate after official data

This is a concept-level index: parcel subdivision, road classes, entrance coordinates and protection lines follow the official regulatory plan, topographic survey and rail data, and are recalculated after release; it constitutes no statutory redline.

PROVISIONAL boundary • not an official redline • recalculate after official data
