

LIVE • JZ: Fifteen-Minute Living Loop — Convenience Life Circle & Community Service Network (Concept)

A3 Booklet (Concept Deliverable)

Official three-tier scopes (announcement text): coordinated research area approx. 43.6 km² / overall design area approx. 11.4 km² / key areas approx. 368.4 ha.

This package's sub-scope: fifteen-minute convenience life circle & community service network (within the overall design area, anchored on the three key areas).

Six personas • 12 AI scenario cards (C01-C12) • 3 industry test-and-validate scenarios (T1-T3) • 8 global AI ecosystem cases • 4 annual programme brands

Core metrics (participant provisional model data): site_area_sqm approx. 11,412,825 m² • green_ratio approx. 0.129 • public_space_ratio approx. 0.0045

NOTE: all content is conceptual advice and a reference scheme; does not replace formal planning; mandatory recomputation when official geometry and data are published.

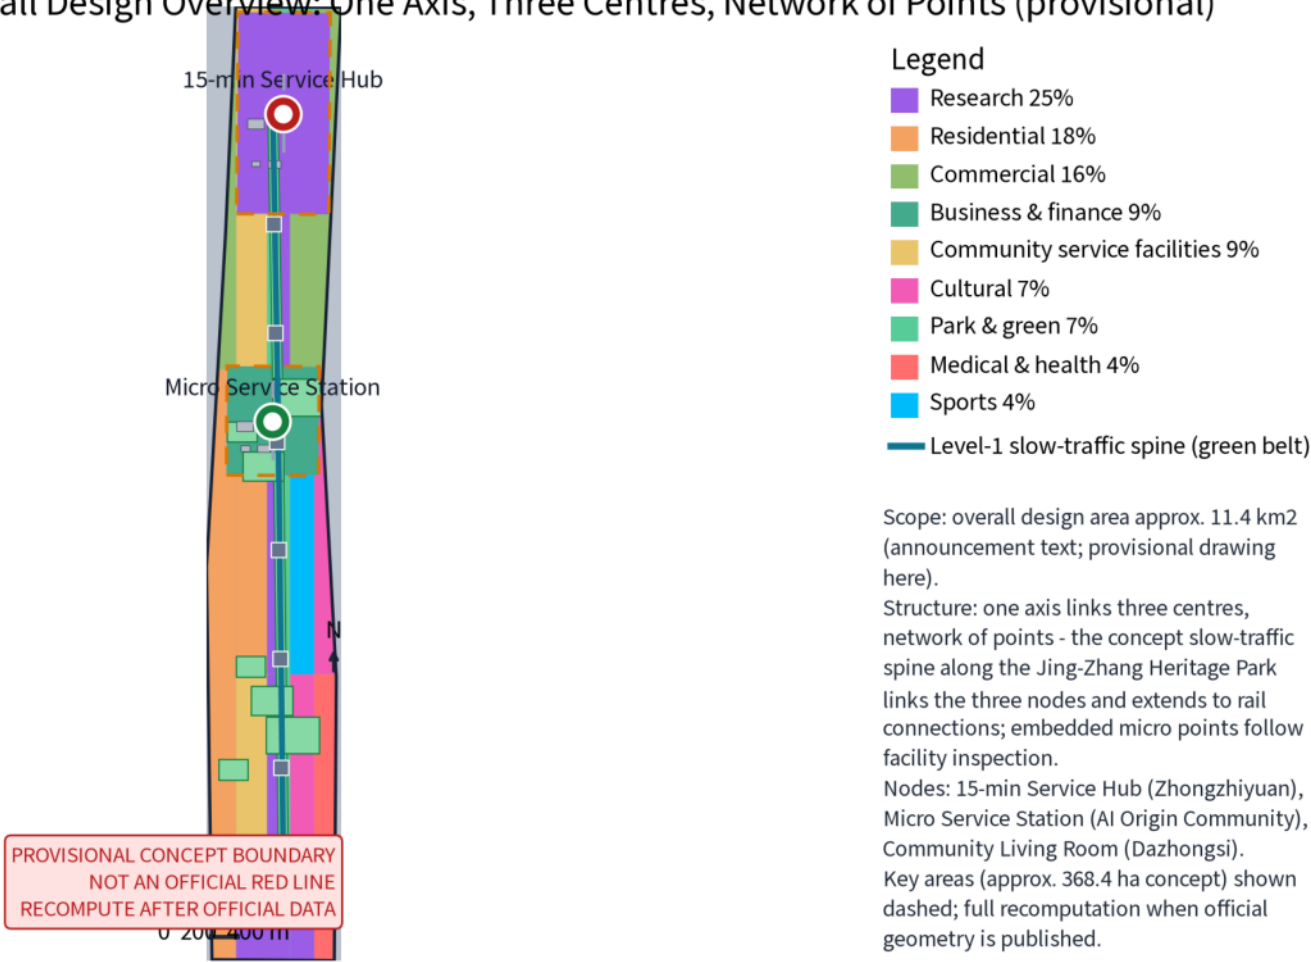

1. Design Basis and Source List

part of LIVE • JZ fifteen-minute living circle concept package

2. Three-Level Scope Framework

part of LIVE • JZ fifteen-minute living circle concept package

Overall Design Overview: One Axis, Three Centres, Network of Points (provisional)

3. Coordinated Research Area

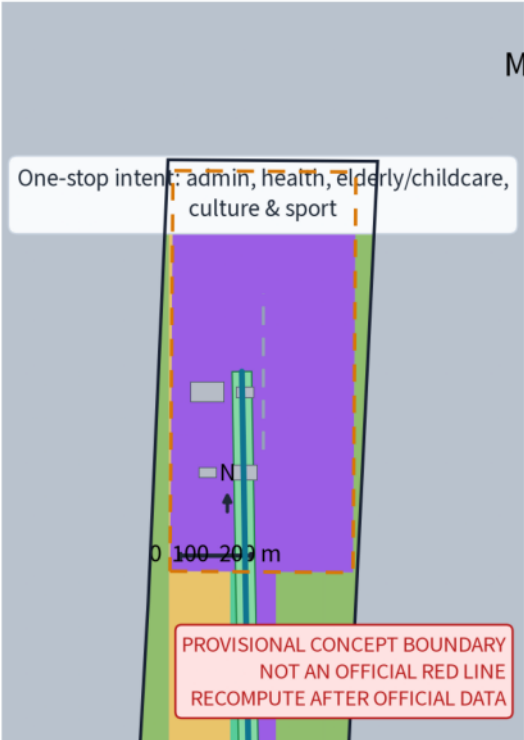

part of LIVE • JZ fifteen-minute living circle concept package

4. Overall Design Area

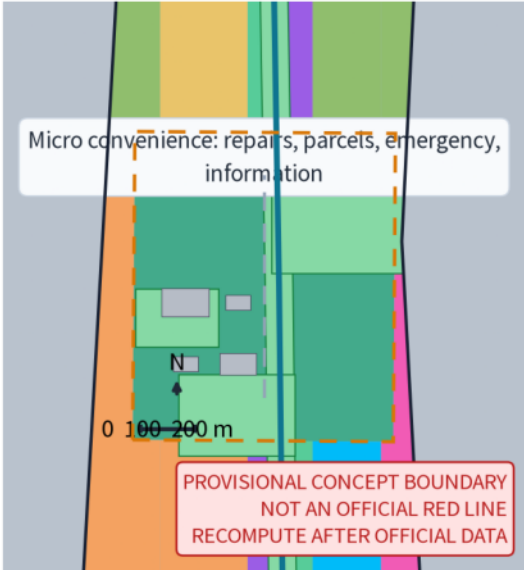

part of LIVE • JZ fifteen-minute living circle concept package

Three-Node Index and Design Task Map (concept nodes, provisional)

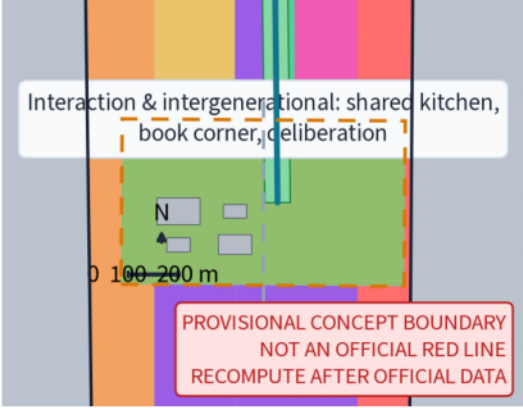

15-min Service Hub (Zhongzhiyuan)

Micro Service Station (AI Origin Community)

Community Living Room (Dazhongsi)

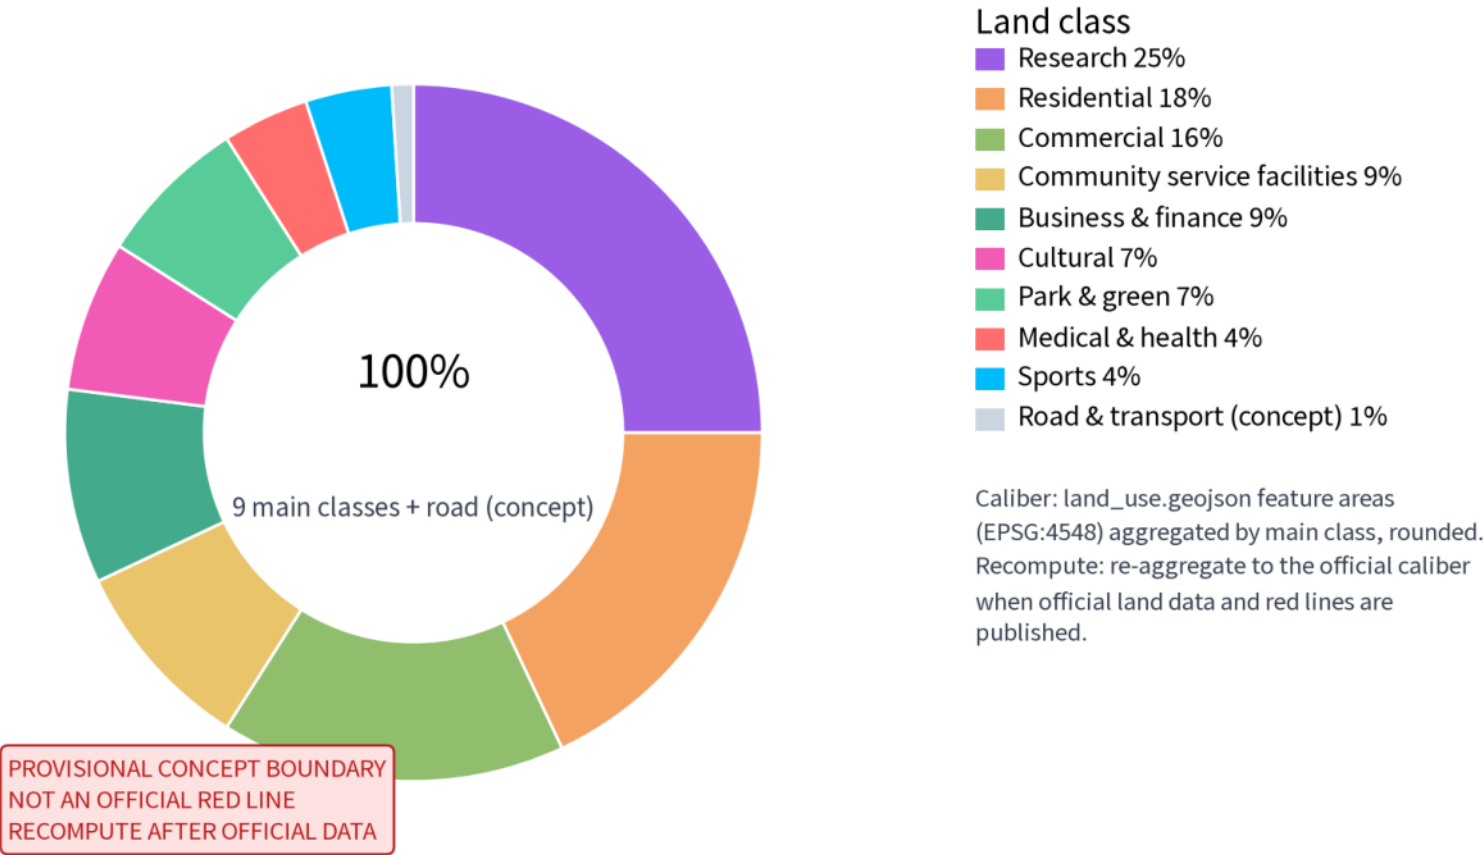

5. Detailed Design of Key Areas

part of LIVE • JZ fifteen-minute living circle concept package

6. AI Innovation Ecosystem

part of LIVE • JZ fifteen-minute living circle concept package

Land-Use Structure (single caliber: 9 main classes + road, provisional)

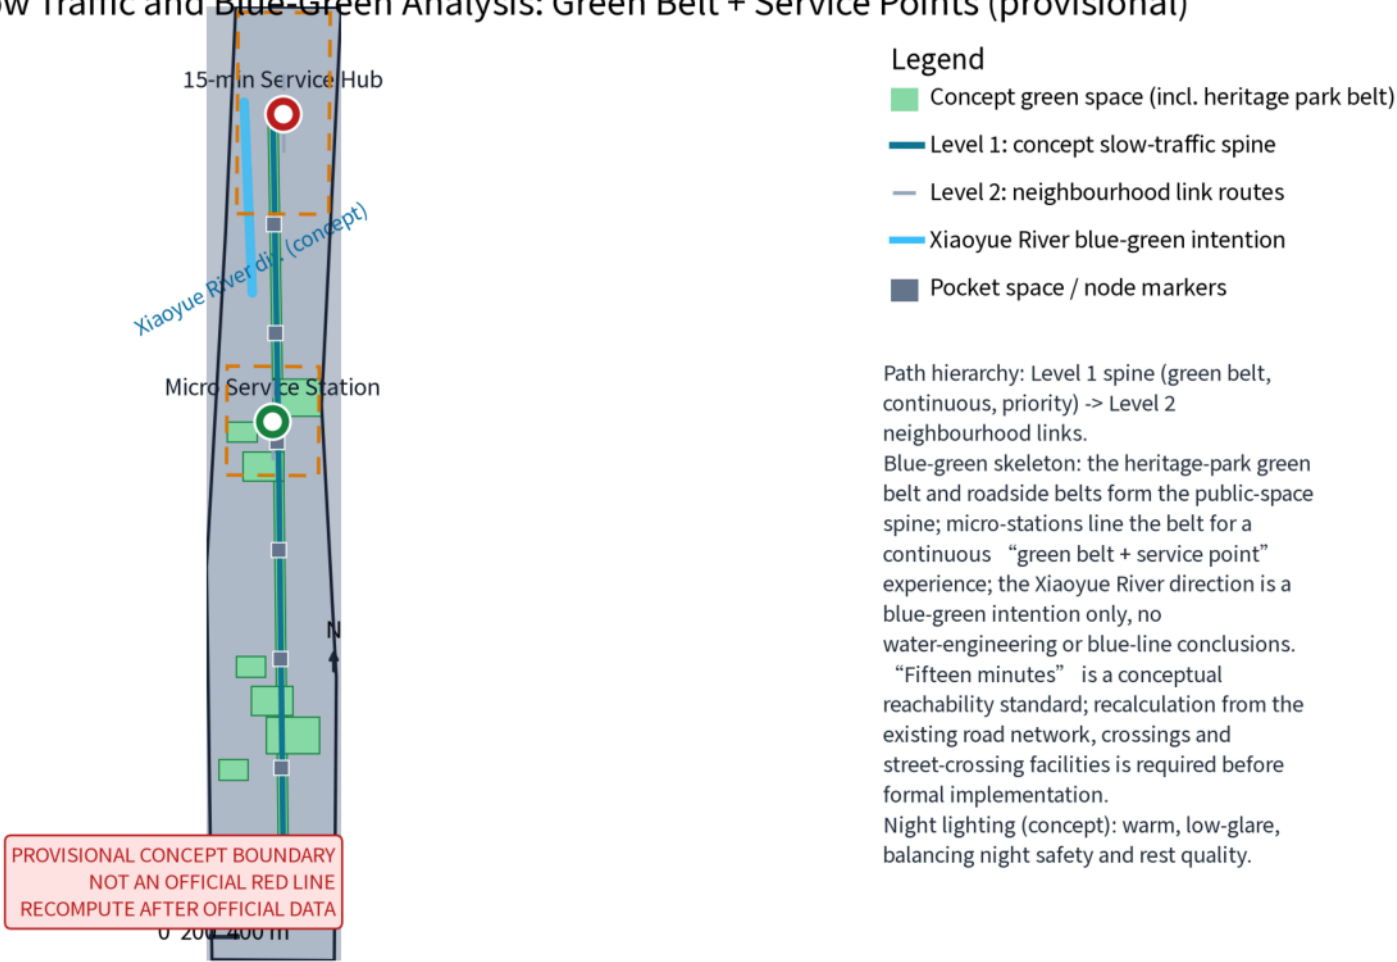

7. Land Use, Building Scale

part of LIVE • JZ fifteen-minute living circle concept package

8. Transport, Rail, Municipal

part of LIVE • JZ fifteen-minute living circle concept package

Slow Traffic and Blue-Green Analysis: Green Belt + Service Points (provisional)

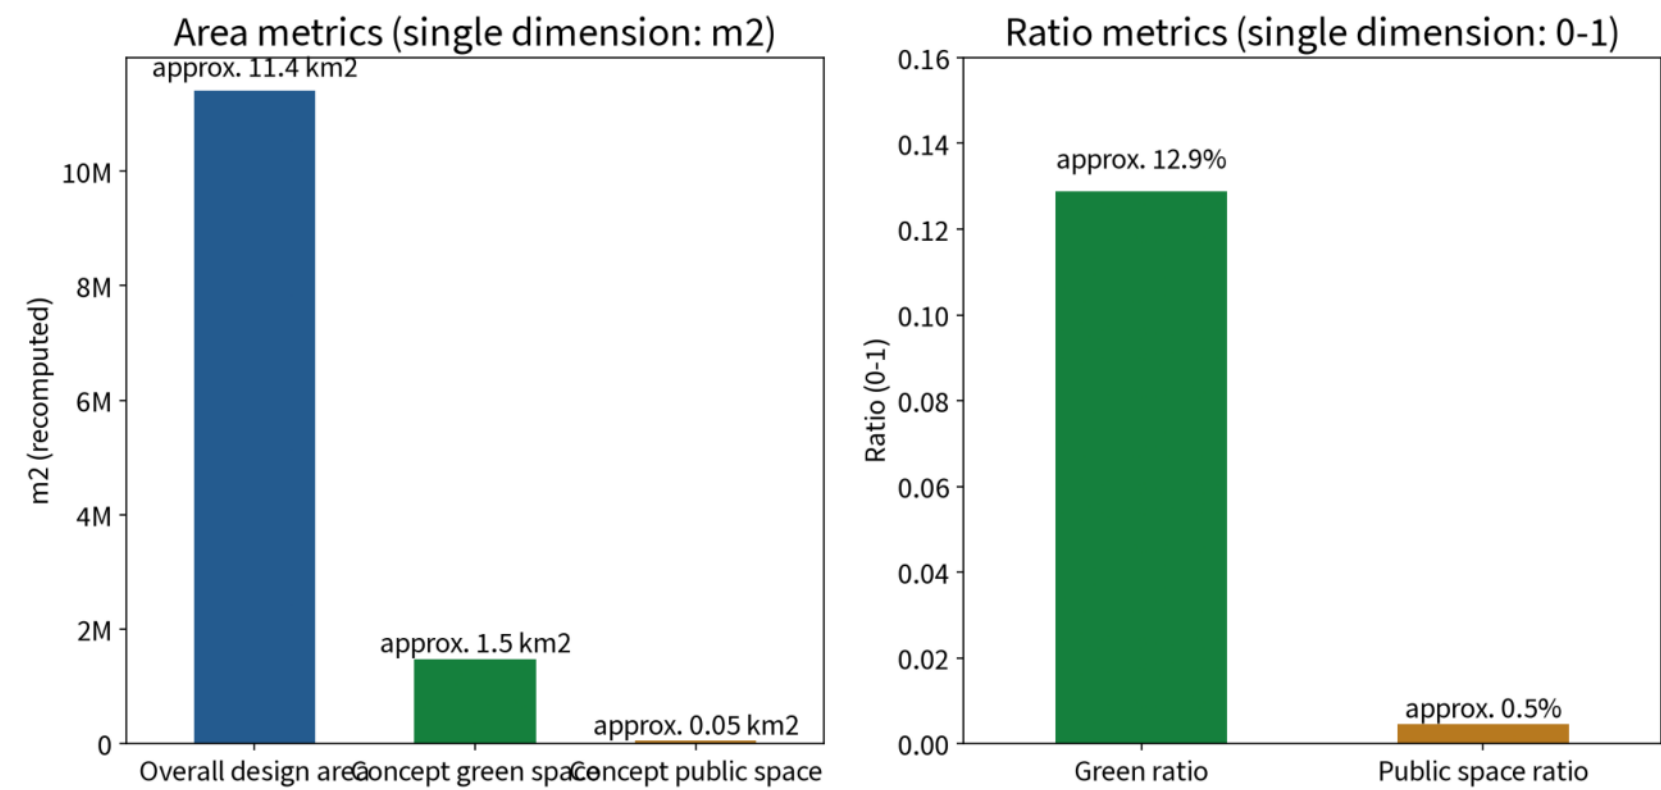

9. Blue-Green Network

part of LIVE • JZ fifteen-minute living circle concept package

10. Renewal Projects

part of LIVE • JZ fifteen-minute living circle concept package

Core Metrics Evidence (provisional geometry, reduced display precision)

Ratios and counts never share an axis; areas and ratios are each plotted in one dimension.
Formulas and confidence levels in metrics.json; mandatory recomputation when official geometry and data are published.

11. Metrics, Area Recalculation

part of LIVE • JZ fifteen-minute living circle concept package

12. Risk, Copyright

part of LIVE • JZ fifteen-minute living circle concept package
