Validation & evidence chain

· Announcement tasks	17/17 PASS
· Agent tasks	6/6 PASS
· Mandatory standards	5/5 PASS
· Design-depth items	15/15 PASS
· Provisional tagging	all layers
· Statutory conditions	unknown→pending

Boundary note: all boundaries and derived metrics are provisional (agent-inferred from announcement text), not official; concept, far = unknown; all indicators will be recalculated once official geometry and regulatory conditions are released. This is an open co-creation proposal, not a substitute for formal planning. Figure labels are in Chinese; see proposal.en.m for full English correspondence.
