01 / OVERALL CONCEPT

REV 0.3

THE CURIOSITY LINE

One learning spine, three yards, six public gates, and twelve urban classes. Provisional geometry remains a low-contrast constraint.

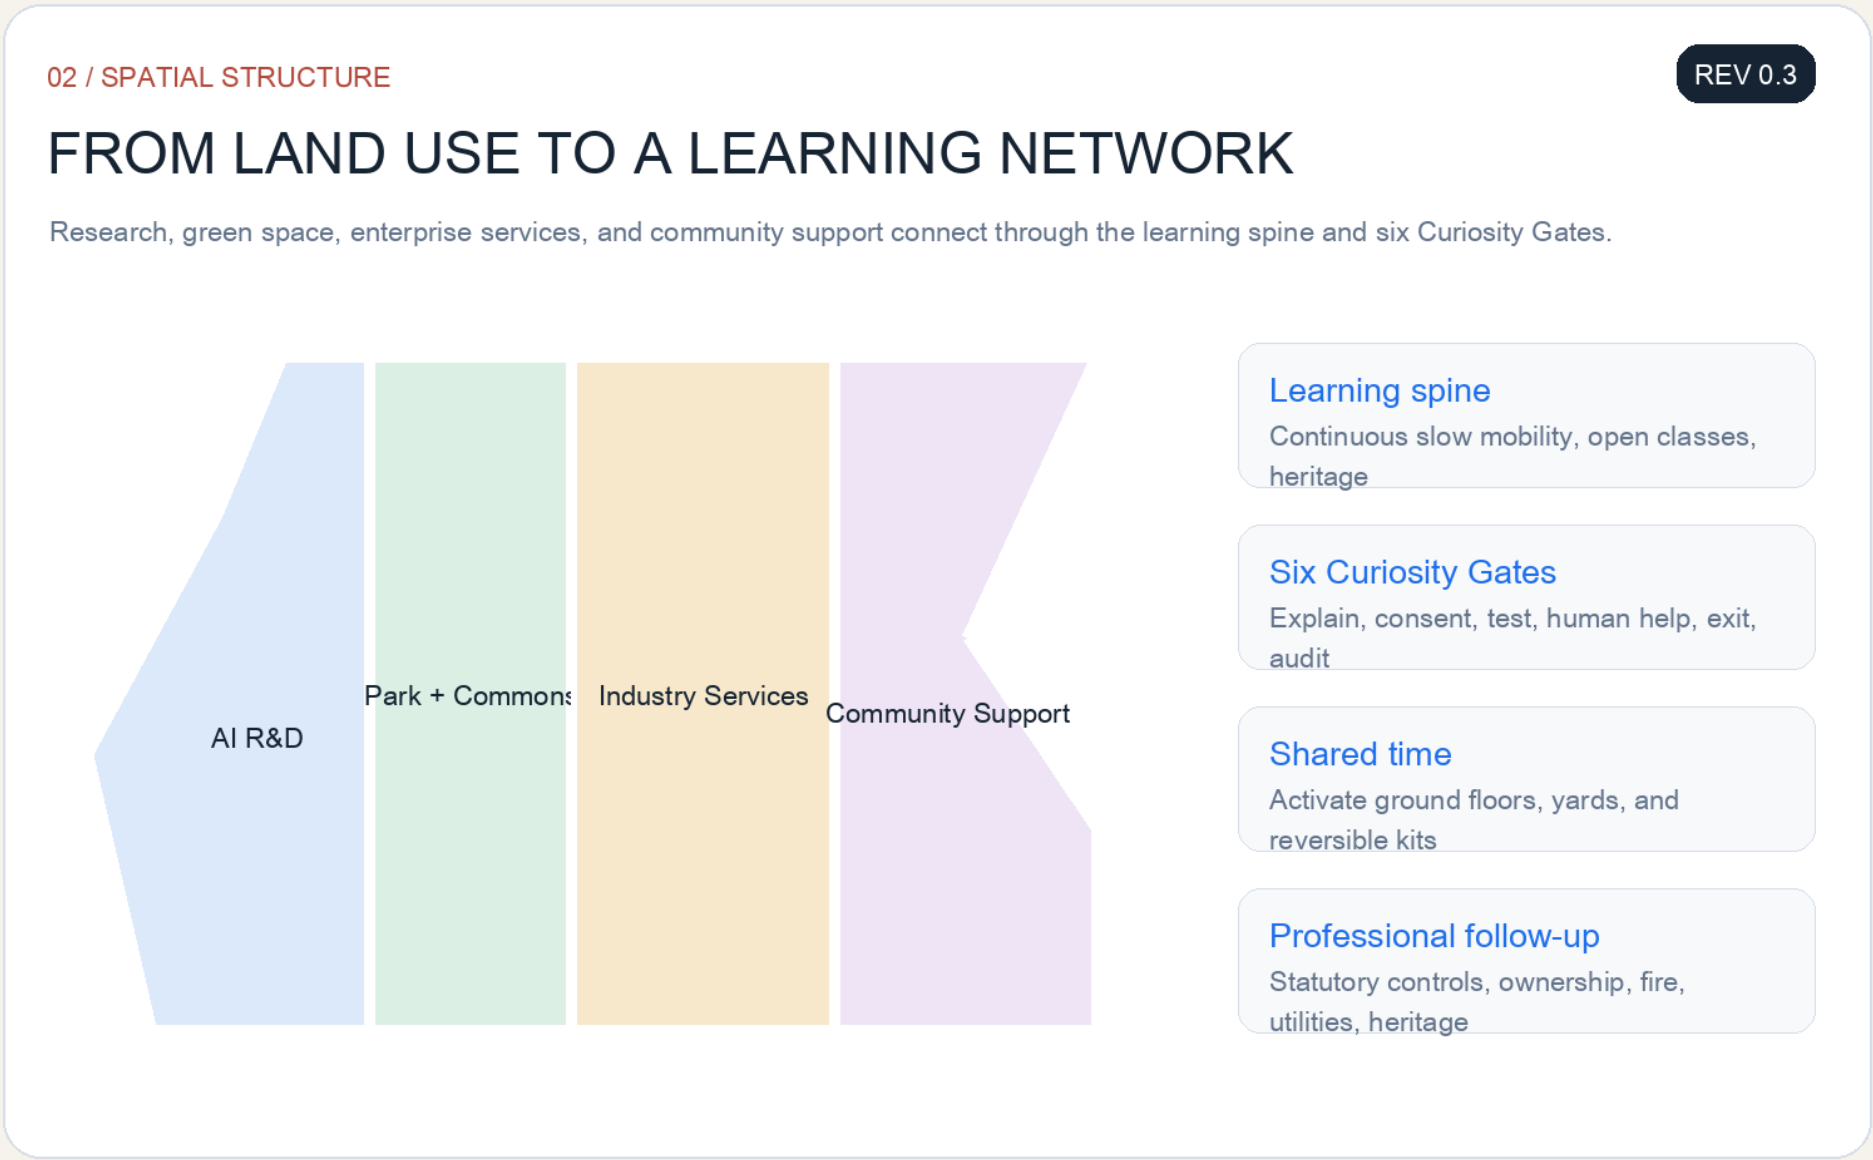

- 1 Learning spine
- 3 Learning yards
- 6 Public gates
- 12 Urban classes

PROVISIONAL GEOMETRY / 待官方红线发布后整体复算

04 / EVERYDAY ACCESS

REV 0.3

SLOW MOBILITY, BLUE-GREEN SPACE, AND 12 CLASSES

Walking, cycling, accessibility, and rail interchange come first. Low-speed robots remain limited and human-supervised.

05 / EVIDENCE

REV 0.3

RECALCULABLE SPACE + QUESTIONABLE OPERATIONS

GeoJSON holds spatial facts, metrics hold formulas, and six public gates protect explanation, consent, human help, exit, and audit.

11.41 km²
