

Jing-Zhang Evidence Rail

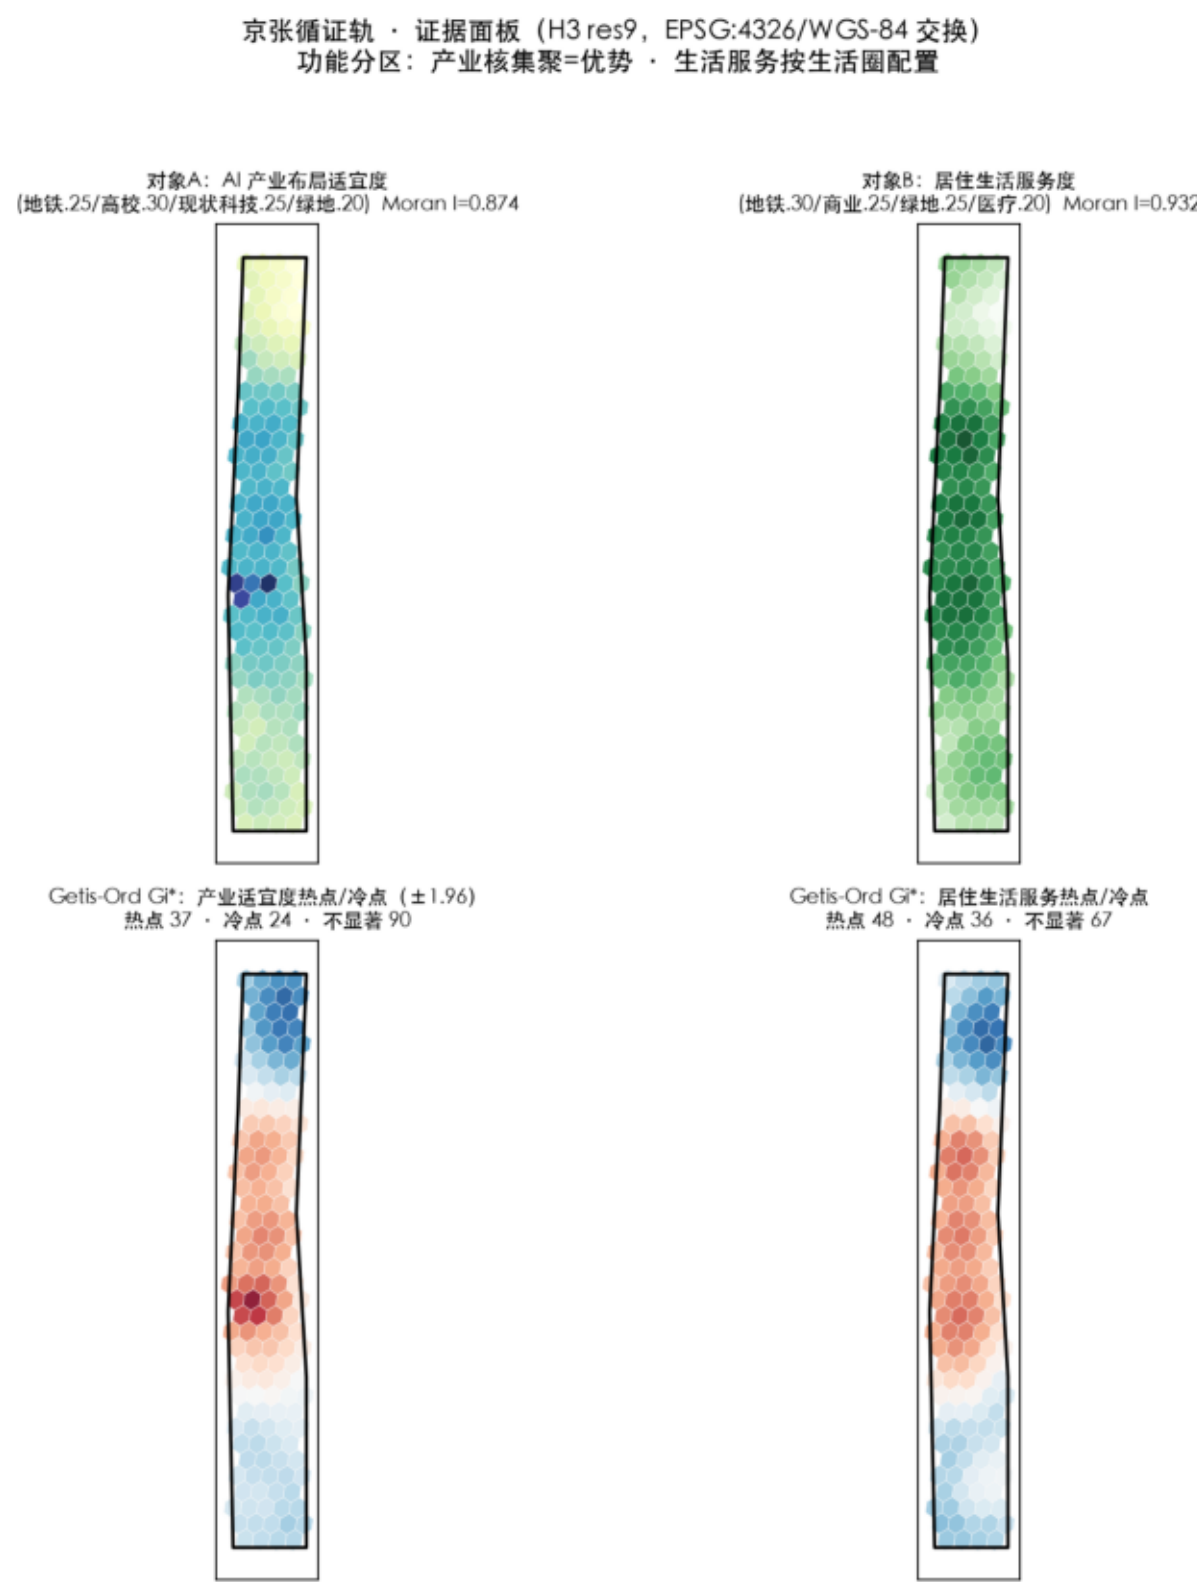

A3 exhibit · 11.41 km² scope · 3 key areas · evidence panel

京张循证轨 · 三重点区现状 (高德 POI 转 WGS-84; 功能分区定位)

● 科研 ● 商业 ● 绿地 ● 居住 ● 产业 ● 医疗

Methodology: Evidence-based Incremental Participatory Planning (EBIP) — 4 pillars: post-positivism + Lindblom + pluralistic calibration + AI reflexivity

Spatial strategy: one belt, three cores, multi-node. Functional zoning: AI Origin (industry core) / Dazhongsi (residential) / Zhongzhiyuan (cultivation)

7 renewal projects + 12 scenario cards + 10 reproducible metrics + Switchback Protocol (CC-BY-4.0 chunky1102)

Heritage: JZ rail (national heritage off-site), Jueshengsi/Dazhongsi (national 4th-batch, ~3m from design scope west boundary)

Data: H3 res8/9/10 hex grids + AMap POI/metro + hand-drawn university AOI + official boundary; WGS-84 & GCJ-02 dual-basemap versions

This is an intake display under provisional geometry; formal scoring requires official lot/regulatory/municipal data
