scenario cards

△ Base map is the repository provisional rough boundary (not an official redline); area metrics recalculated when official data arrives.

01 Design basis & source framework

Controlling bases

- Pre-qualification announcement (Beijing MNR Haidian Branch, 2026-05-09).
- Agent open-call taskbook: three positions, five functions, districts & wings, six tasks.
- Urban Design Measures / Control Detailed Planning Measures / Land-use classification guide.

Source tiers

- formal-ready: official announcement text & area values, repo standards snapshots.
- background_only: seven per-case global source records (see sources.json).
- provisional_only: repository rough boundary - generation & intake self-check only.

Boundary status

- Official SITE_BOUNDARY / KEY_AREA polygons pending; labeled throughout.
- All area metrics recalculated in EPSG:4548 once official data arrives.

02 Three-level scope framework

Coordinated research area 43.6 km2 (official text + rough frame)

· N Fifth Ring - G6 Expressway - Xizhimenwai St - Wanquanhe Rd.

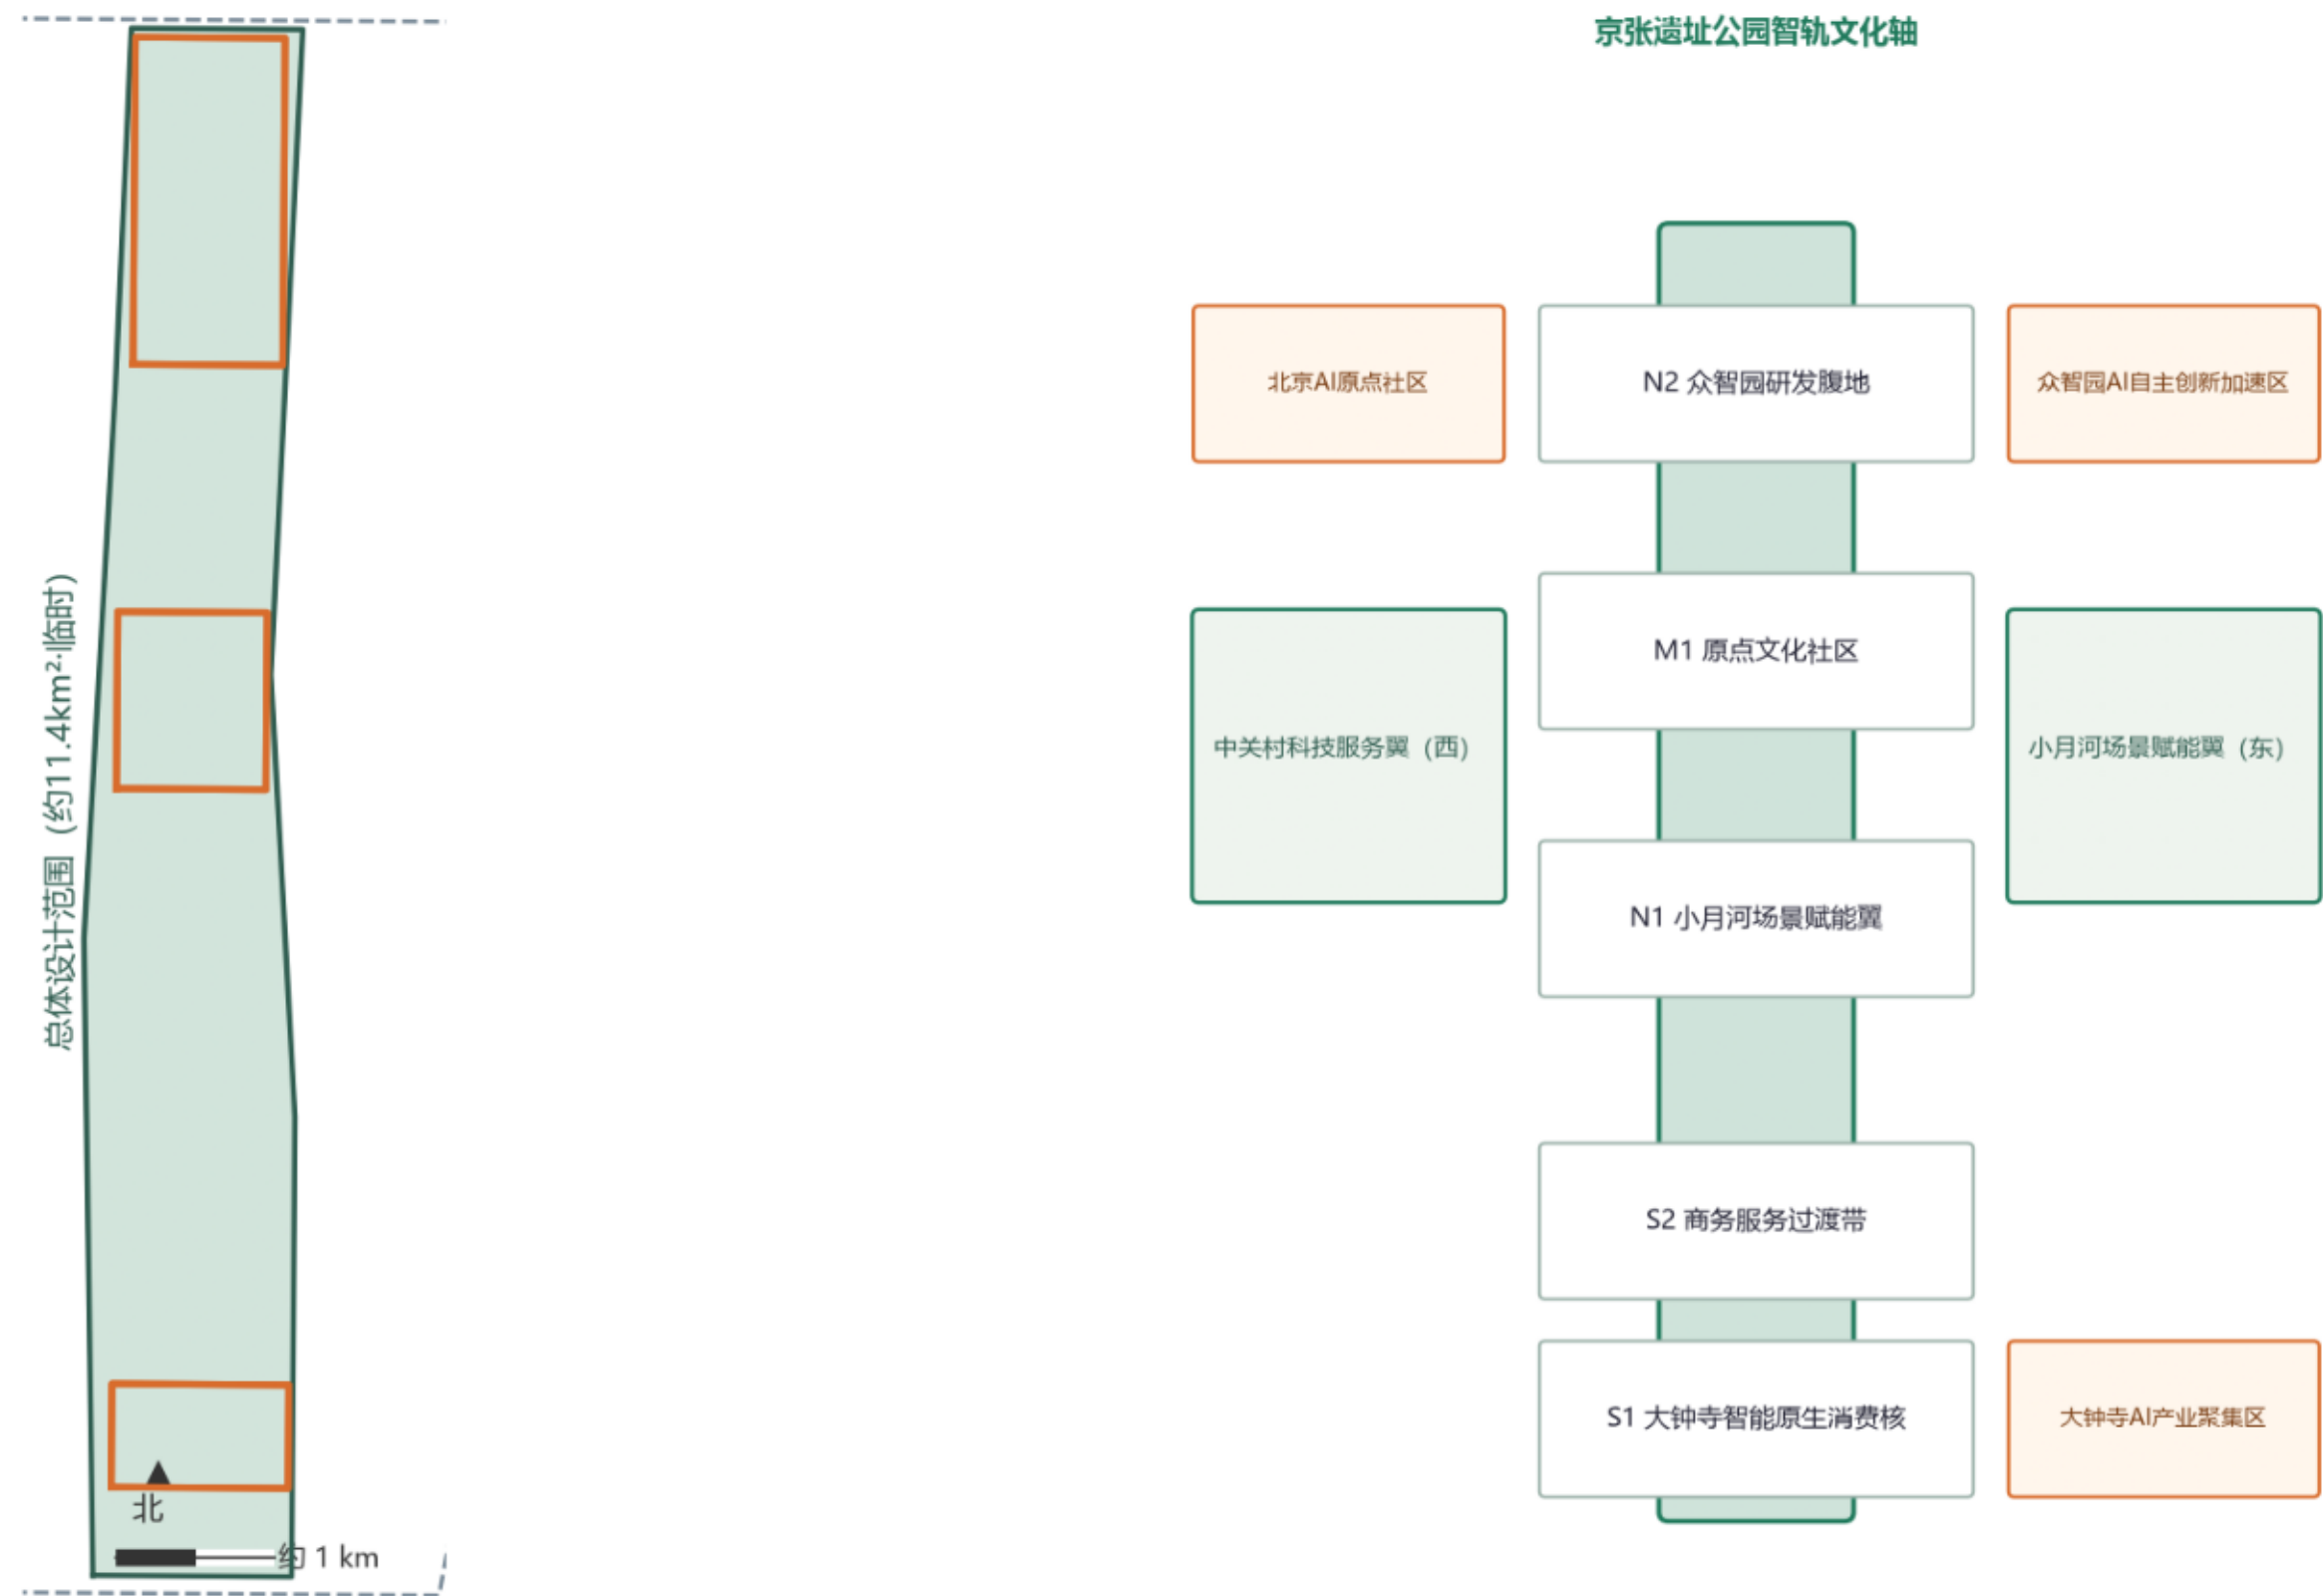

Overall design area 11.4 km2 (submitted boundary, provisional rough)

· 1-2 km around the heritage park: regulatory-plan depth, 60 seamless cells.

Key detailed design area 368.4 ha (three districts, provisional polygons)

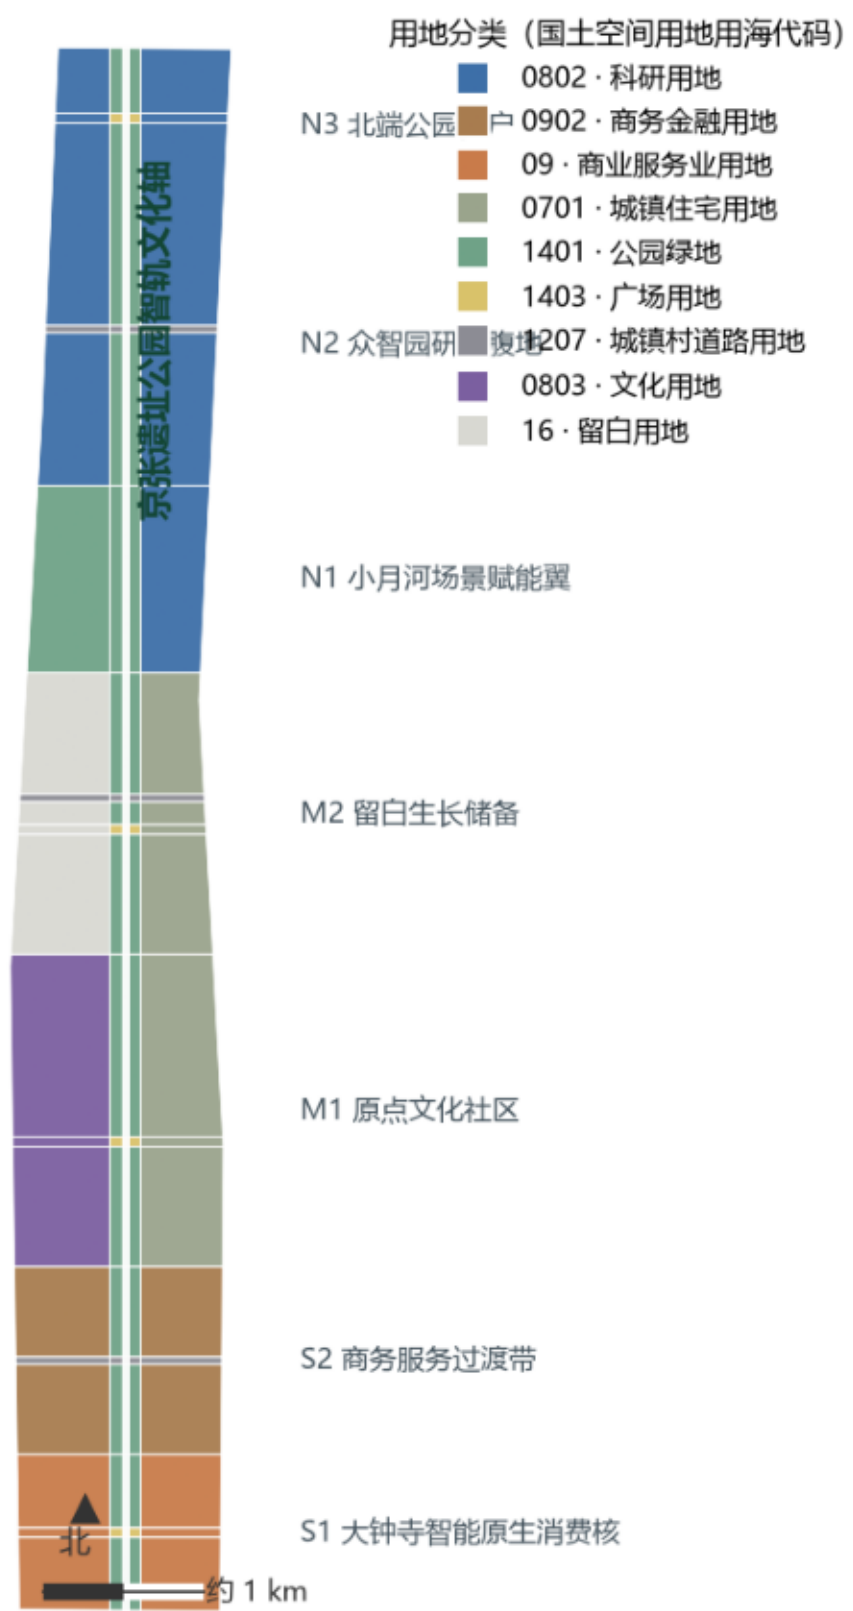

· Zhongzhiyuan 192.1 / Origin community 104.3 / Dazhongsi 72.0 ha (official values).

图1 总览：三层范围与总体空间结构（一轴一环两翼三区）

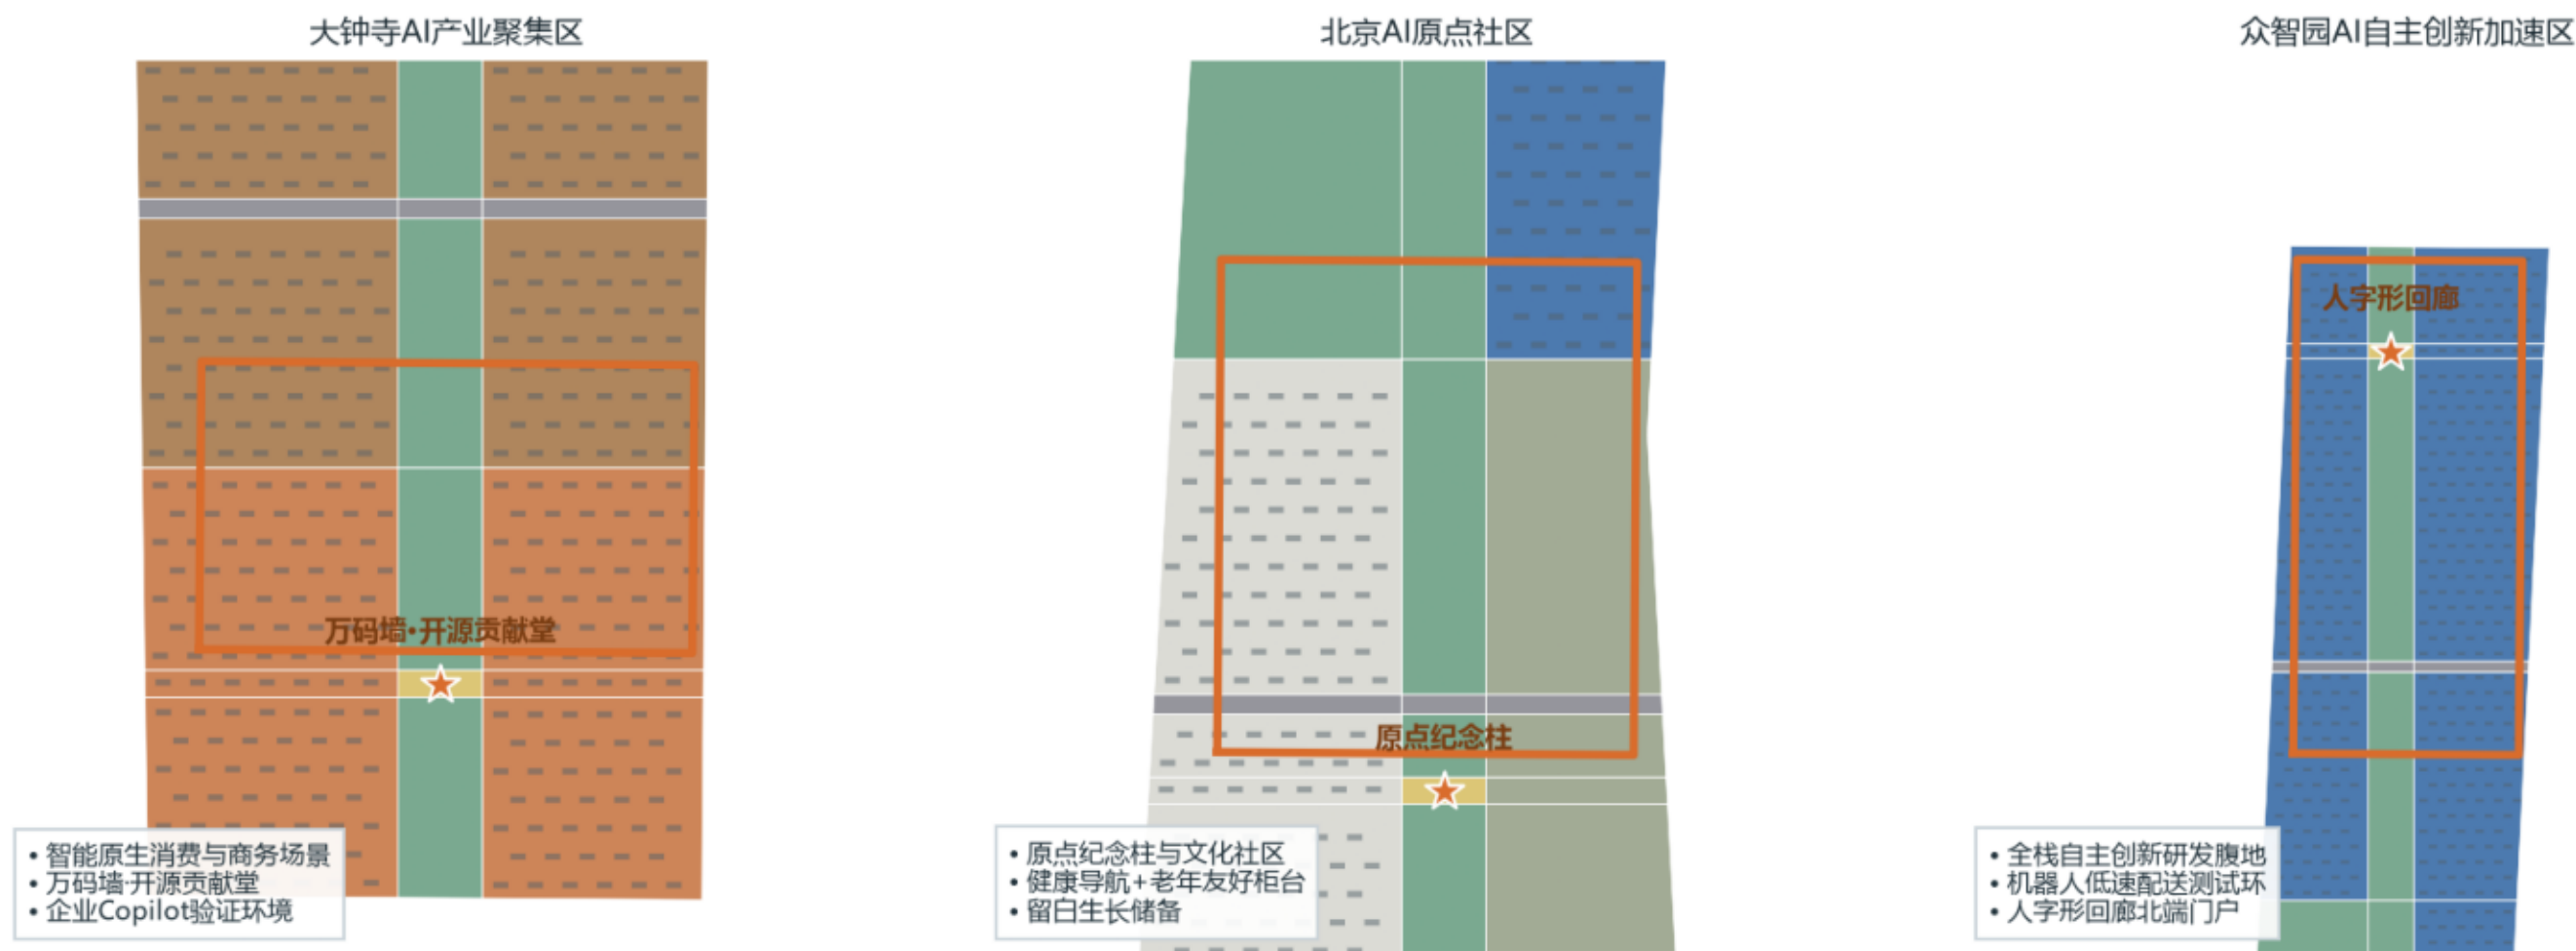

△ 底图为仓库临时粗略边界 (provisional) , 非官方红线; 官方边界到位后复算面积类指标。
数据来源: open-city-ai/haidian brief/site-package 公开资料包·智轨原点 AI 参赛包生成。

图2 用地结构：无缝拼合分区与概念布局

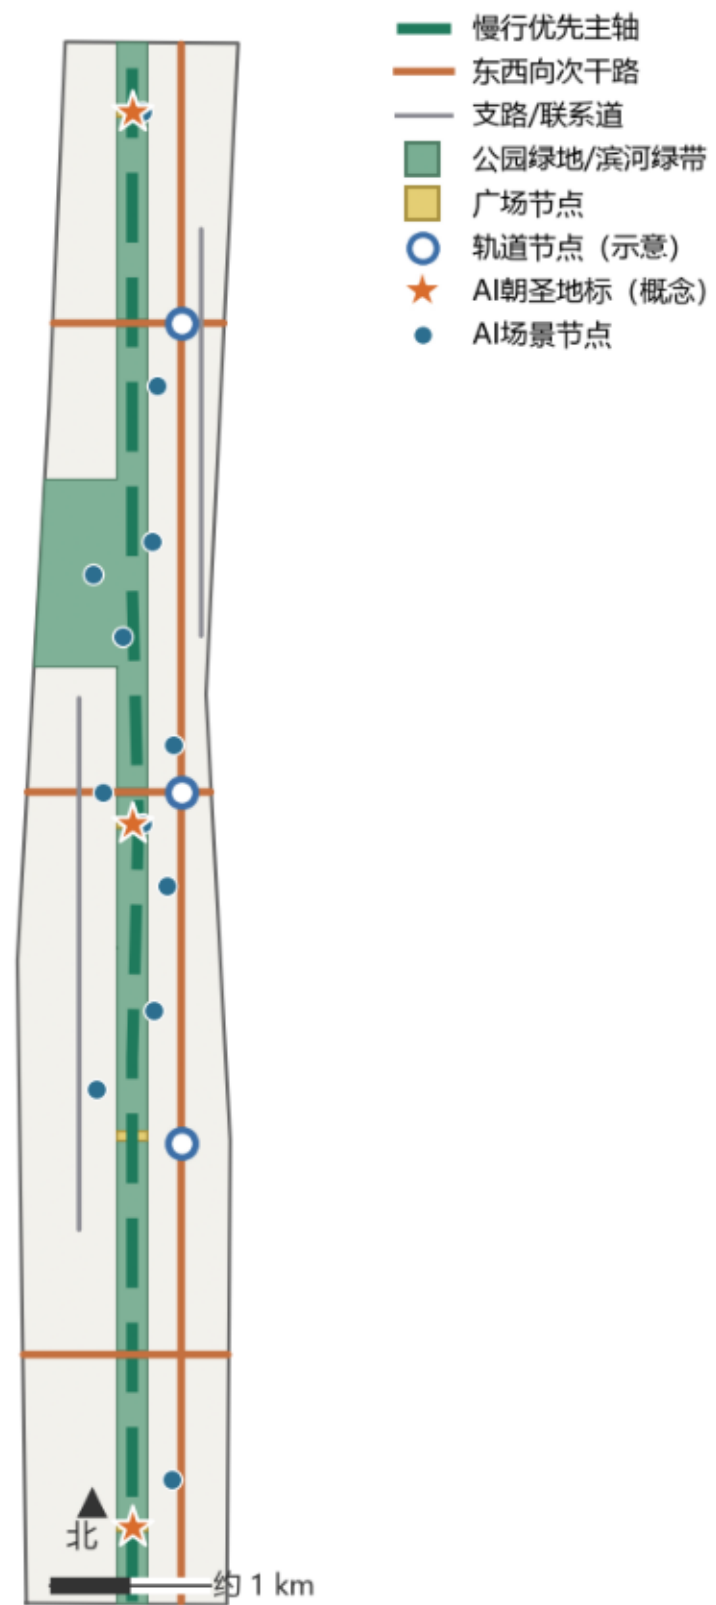

△ 底图为仓库临时粗略边界（provisional），非官方红线；官方边界到位后复算面积类指标。
数据来源：open-city-ai/haidian brief/site-package 公开资料包 · 智轨原点 AI 参赛包生成。

图3 三处重点区域索引与设计要点

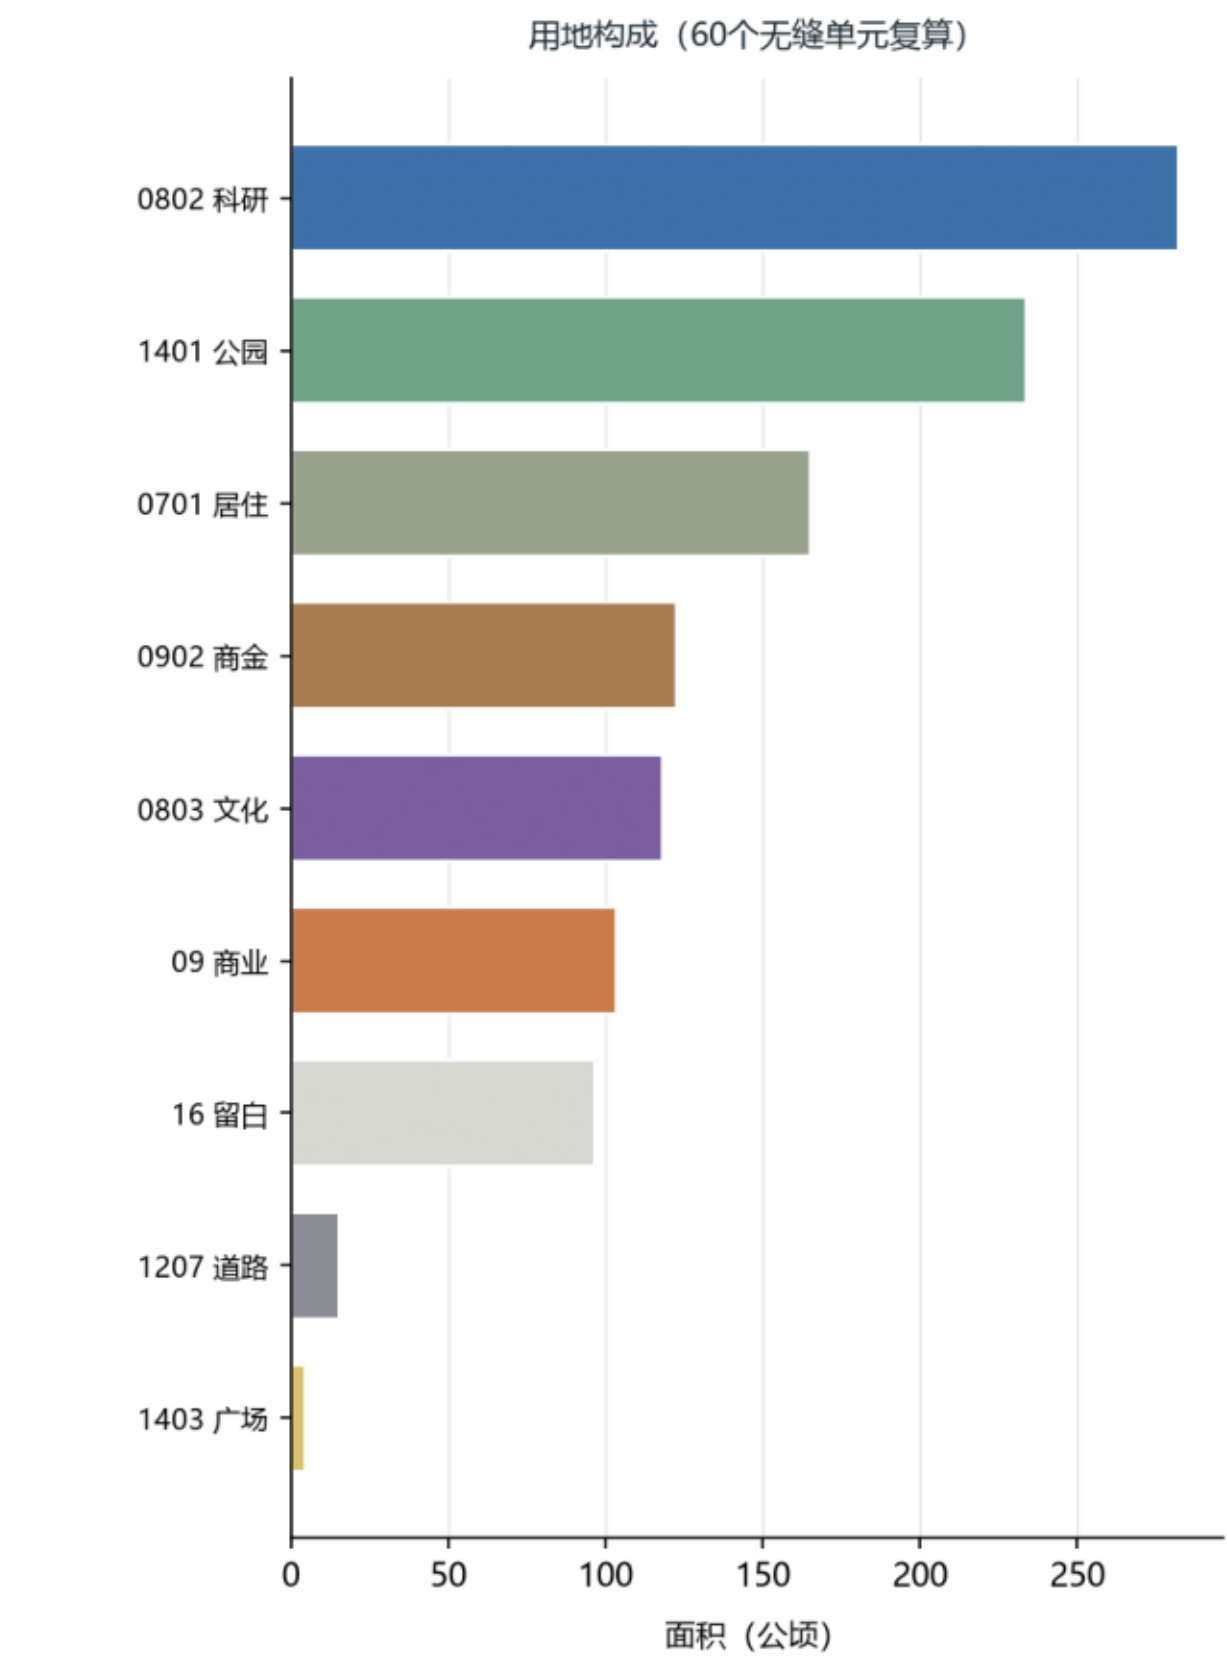

△ 底图为仓库临时粗略边界（provisional），非官方红线；官方边界到位后复算面积类指标。
数据来源：open-city-ai/haidian brief/site-package 公开资料包·智轨原点 AI 参赛包生成。

图4 交通慢行与蓝绿公共空间复合系统

△ 底图为仓库临时粗略边界 (provisional) ，非官方红线；官方边界到位后复算面积类指标。
数据来源：open-city-ai/haidian brief/site-package 公开资料包 · 智轨原点 AI 参赛包生成。

图5 核心指标复算与证据链

△ 底图为仓库临时粗略边界 (provisional)，非官方红线；官方边界到位后复算面积类指标。
数据来源：open-city-ai/haidian brief/site-package 公开资料包 · 智轨原点 AI 参赛包生成。

证据链：几何 → 指标 → 正文主张 → 自检

指标	值	口径	状态
site_area_sqm	11,412,825 m²	submitted boundary	已知
green_ratio	20.48%	green / submitted	已知
public_space_ratio	0.40%	plazas / submitted	已知
building_density	5.31%	concept footprints	已知
floor_area_ratio	-	pending official controls	待补齐
building_height_m	-	pending official controls	待补齐

08 AI scenario cards (12 incl. 4 testbeds)

SC-01 Jingzhang AI cultural guide

users: 游客/学生/居民 | location: 遗址公园全线 | privacy: 不采集个人身份；内容可溯源

SC-02 Health service navigation

users: 居民/园区青年 | location: 北京AI原点社区 | privacy: 不留存健康数据；人工柜台并行

SC-03 Walkability platform [testbed]

users: 通勤者/学生/居民 | location: 一带慢行网 | privacy: 只输出聚合指标；公众可复核

SC-04 Enterprise Copilot pilot [testbed]

users: AI企业/创业团队 | location: 大钟寺·原点社区 | privacy: 回答附引用；提示人工确认

SC-05 Safety review assistant [testbed]

users: 运营/公众参与团队 | location: 活动场地与夜间空间 | privacy: 处置前人工复核；不做身份追踪

SC-06 Robot delivery testbed [testbed]

users: 园区员工/商户/访客 | location: 众智园测试环 | privacy: 限速可撤回；行人优先

SC-07 Open-source window

users: 开发者/公众 | location: 万码墙 | privacy: 仅公开聚合数据

SC-08 Co-creation workshop assistant

users: 居民/社会组织 | location: 原点文化社区 | privacy: 发言匿名归档，署名自愿

SC-09 Senior-friendly desk

users: 老年居民 | location: 社区服务中心 | privacy: 人工窗口全程并行

SC-10 Campus AI literacy class

users: 中小學生/教师 | location: 高校沿线科普站 | privacy: 不采集学生数据；教师可复核

SC-11 Event scheduling & reception

users: 参会者/国际访客 | location: 原点会堂周边 | privacy: 本地生成；不注册轨迹

SC-12 Ecology monitoring display

users: 公众/管养者 | location: 小月河绿带 | privacy: 固定传感；不涉行人识别

11 Renewal projects & phasing

Near-term 2026-2028 origin launch

- PR-01 公共空间
- PR-02 公共空间
- PR-03 文化设施
- PR-04 公共服务
- PR-05 交通慢行

Mid-term 2028-2030 acceleration

- PR-06 文化地标
- PR-07 测试验证场景
- PR-08 新型基础设施

Long-term 2030-2035 southern maturing

- PR-09 文化地标
- PR-10 公共空间

Annual event system (concept)

- Jingzhang AI Developers Conference (annual)
- Open Source Open Day (quarterly)
- Jingzhang AI Hackathon 48h (biannual)
- Origin Nights (monthly)
- International AI City Biennale (biennial)

12 Task coverage & compliance

Announcement tasks 1.3 / 1.4 / 1.5 fully covered - see compliance_matrix.json

Agent tasks agent.1-agent.6 fully developed

Boundary clause

- All spatial suggestions are concepts for professional refinement;
no government approval, investment commitment or engineering conclusion.
- FAR/height controls recorded as pending official data; no fabricated values.
- See report/copyright_statement.md for rights and sources.
