FROM SIX TASKS TO 84 REPLAYABLE CHECKS

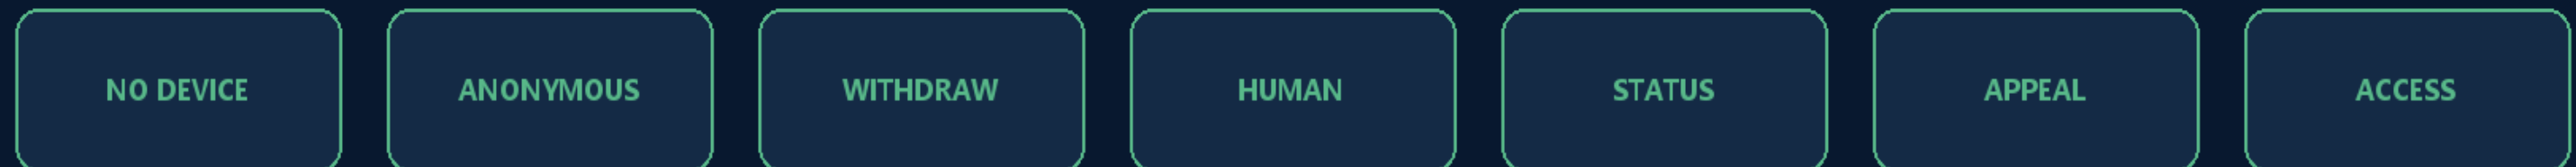

The scoring packet can inspect the claim, evidence, owner, failure and exit

REPLAYABLE EVIDENCE CHAIN

SEVEN RIGHTS ARE RELEASE TESTS

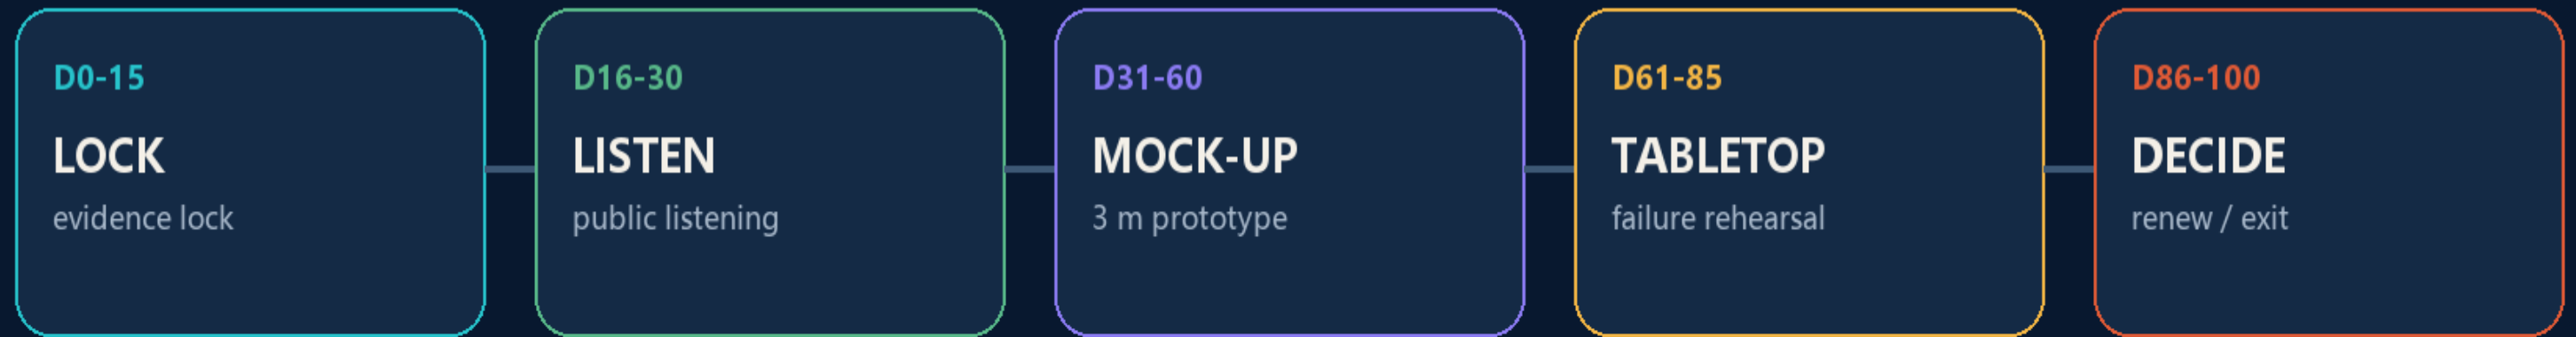

LIMIT OF CLAIM

- 84/84 rule closure ≠ field safety, efficacy, permission or approval
- OSM orientation ≠ redline · provisional geometry is recalculated when official data arrives
- adopt / modify / pause / exit are equally valid recorded outcomes

FIRST 100 DAYS + RACI

Start with evidence and a 3 m mock-up, not permanent construction
