

Jingzhang AI Civic Services Belt: A One-Stop Government, Health and Legal Services Network

Centennial Jingzhang AI Innovation Belt • Open Call Concept Proposal
Iteration v7.1 • zachshi-ai

Site area	Green ratio	Public-space ratio	Building footprint
11.41 km ²	26.1 %	22.4 %	60.1 ×10 ⁴ m ²

Taking the Jingzhang Railway heritage corridor as the main axis, this proposal links the subdistrict offices, community health centers, and legal aid points along the corridor into a single AI civic-service network. The proposal puts forward the overall concept of an 'AI Civic Service Spine': a one-stop government, health, and legal civic service hub is built in the AI Origin Community; citizen service stations are deployed along the main axis of the heritage park; and the belt is formed of 13 service passage segments, 6 civic-service buildings, 3 service hub plazas, and 5 street-side stations

The provisional boundary is conceptual, not an official red line; all areas are EPSG:4548 union recomputes; unknown metrics await official data. This booklet is a concept design document and constitutes no government approval or implementation commitment.

Design Basis

Announcement indicators and agent.1-agent.6 requirements are each addressed; see the proposal for the current-conditions diagnosis.

Spatial Structure

A spine-three-areas-multi-node skeleton unfolds along the Jingzhang railway heritage corridor; see the proposal and figures for the three-level scope.

Key Areas

Key area	Area
众智园AI自主创新加速区	192.1 ha (officially announced)
北京AI原点社区	104.3 ha (officially announced)
大钟寺AI产业集聚区	72.0 ha (officially announced)

AI Scenario Cards (excerpt)

ID	Scenario	Users
GS-01	政务办理导航	
GS-02	健康服务导航	
GS-03	法律援助导航	
GS-04	多语言服务导航	
GS-05	老年人服务导航	
GS-06	无障碍服务导航	
GS-07	新市民服务导航	
GS-08	小微企业服务导航	

Key Metrics

Site area 11.41 km ²	Green ratio 26.1 %	Public-space ratio 22.4 %	Building footprint 60.1 ×10 ⁴ m ²
------------------------------------	-----------------------	------------------------------	--

Boundary & Compliance

Provisional boundary is not an official red line; field metrics remain unknown; all scenarios are synthetic tabletop runs, unauthorized and not run on site; every AI service has a no-App/human equivalent path.

Four-gate self-check

All four gates PASS (deterministic / spatial / visual / professional evidence)
