Centennial Jingzhang AI Innovation Belt · Open Call Concept Proposal · Iteration v9.4 · zachshi-ai

Overview & Spatial Structure

Re-imagining the Jingzhang Railway Heritage Park as a 'silver-age service spine' for the elderly communities along the corridor; an AI-assisted public-service belt covering elderly medical visits, civic errands and barrier-free mobility. The proposal sets out the 'Jingzhang Silver-Age Accessibility Belt' concept, linking three key areas and沿线 communities, hospitals, civic-service points and metro entrances via a ~9 km continuous barrier-free slow-mobility spine, with 10 AI elderly-service scenario cards (incl. 3 te...
