

THE COMPANION LINE

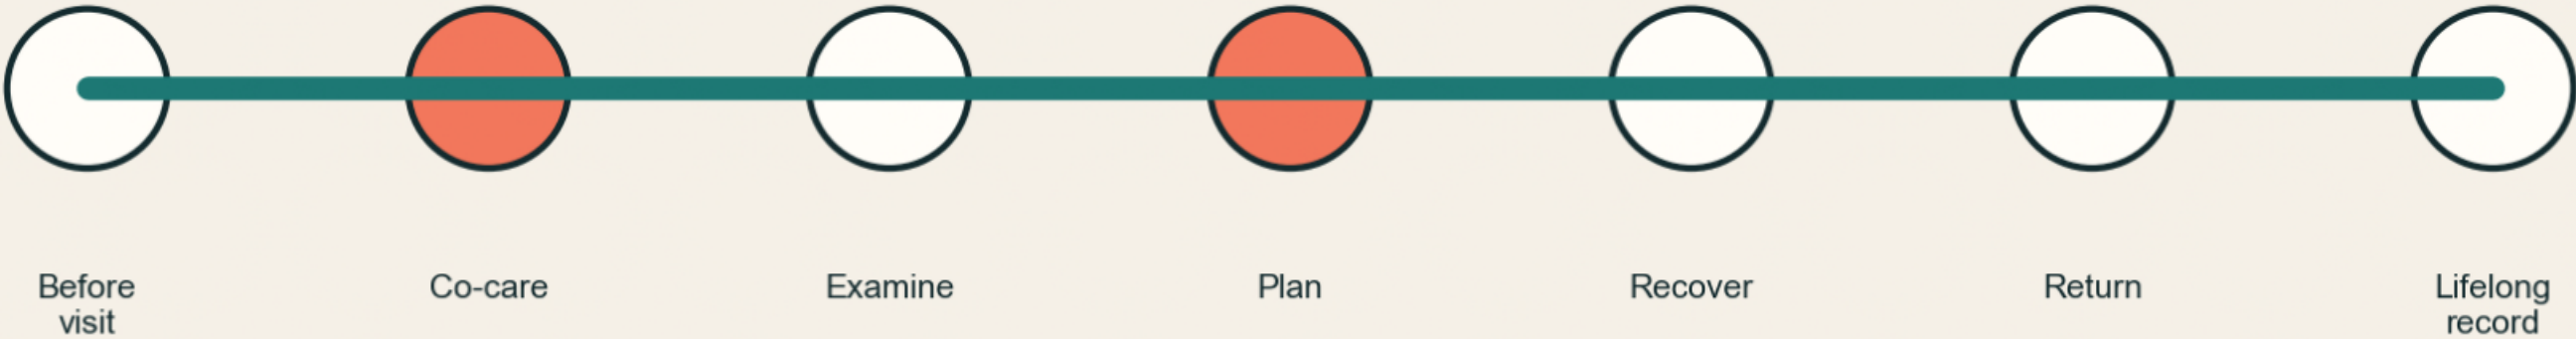

An AI city that stays with you without deciding for you

PERSON

CLINICIAN

AGENT

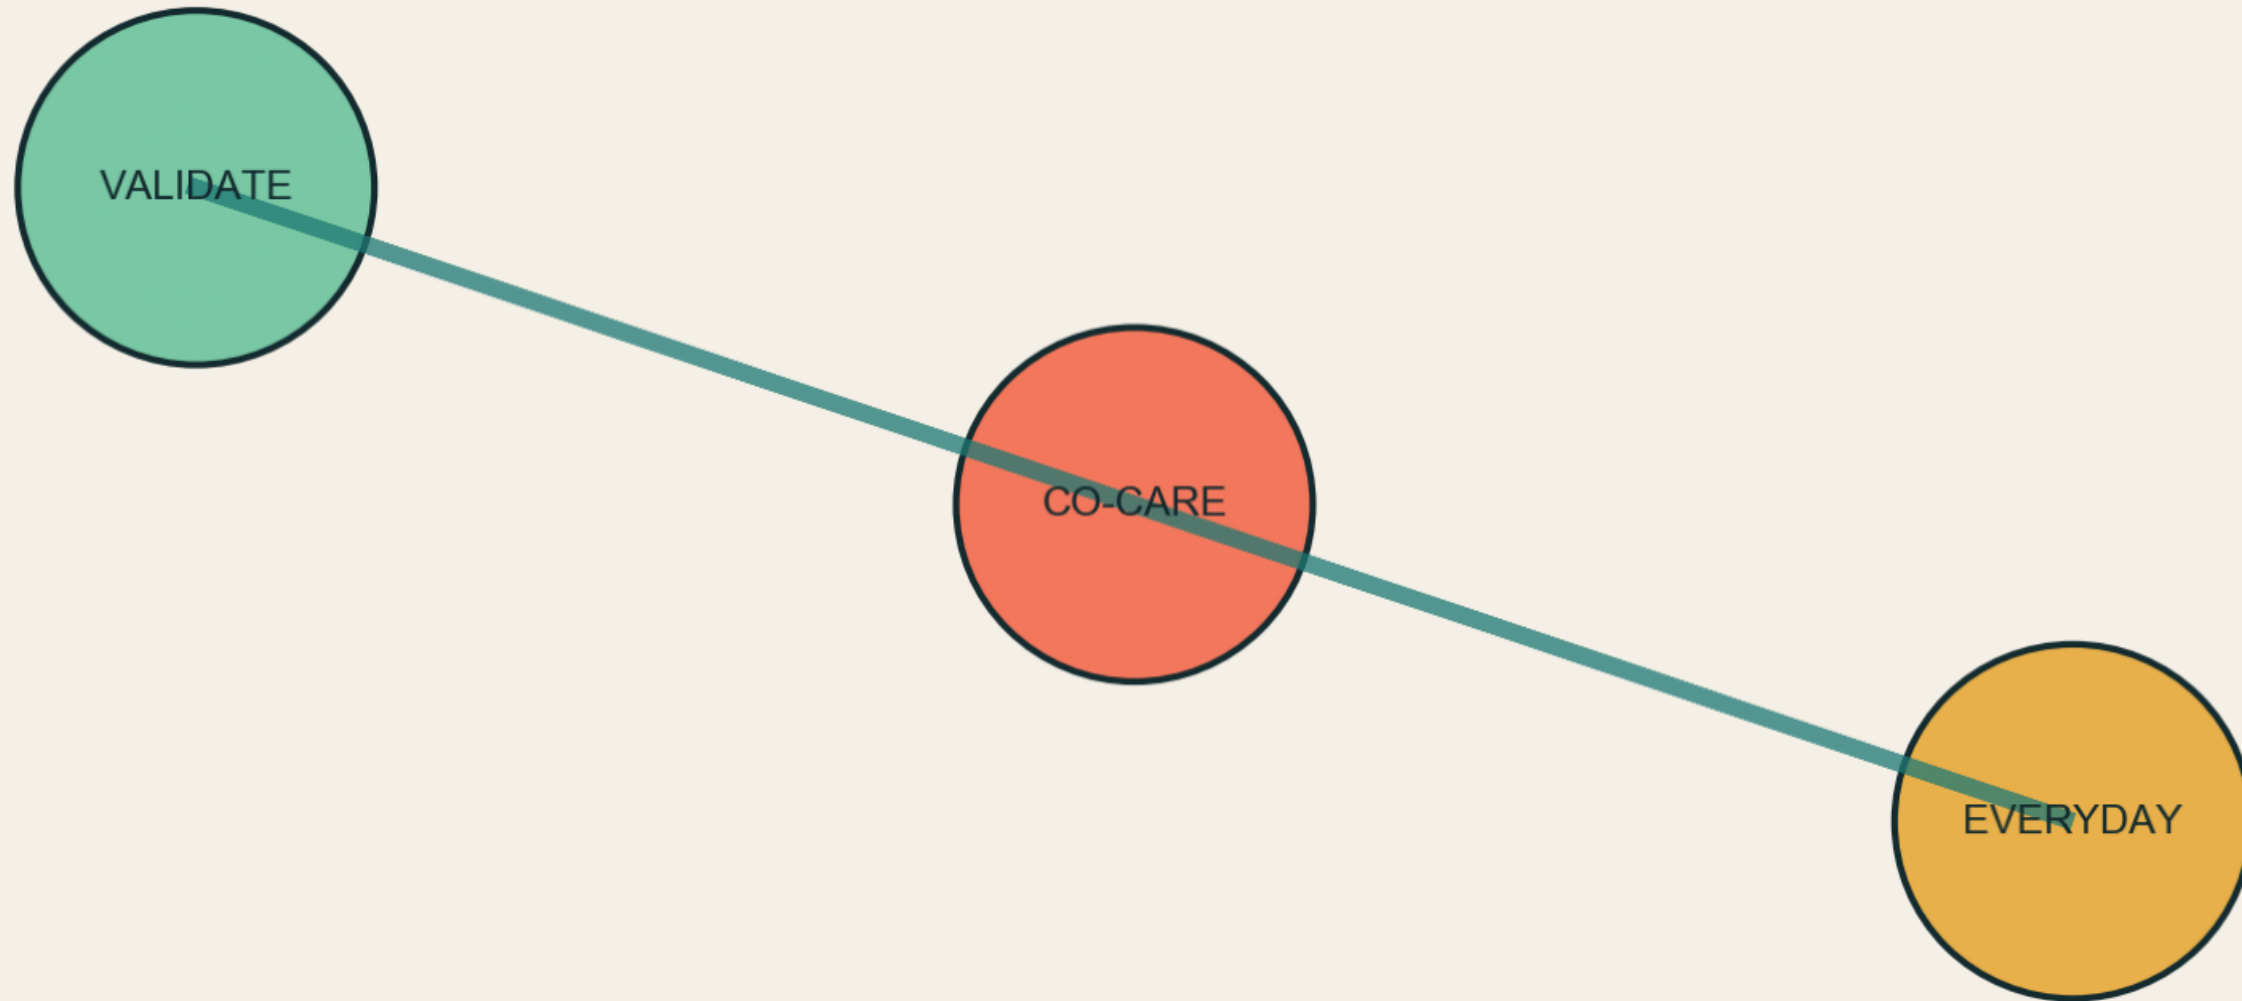

VALIDATE → CO-CARE → EVERYDAY → FEEDBACK

PROVISIONAL CONCEPT · HUMAN DECISION · REVOCABLE AI

CARE LOOP / LAND-USE LOGIC

Provisional geometry; relational design, not statutory zoning

 Health service

 Rehabilitation green

 R&D / validation

 Community / culture

THREE CARE COMMONS

Validation · clinician-patient collaboration · everyday dignity

01

Validation Garden

Simulation → closed test → booked public test → limited service Pre-visit → consultation → examination → plan → rehabilitation Culture · movement · accessible commerce · friendship

Museum of Failure

02

Co-Care Commons

Co-Care Round Table

03

Healthy Life Forum

Companion Milestone

FOUR MOBILITY TIERS + CLIMATE CARE

Risk-tiered infrastructure; pedestrians always first

04

DRONE / controlled test

03

AUTONOMOUS SHUTTLE / staffed fallback

02

ROBOT / slow, yielding, controllable

01

PEOPLE / universal access

SHADE · SEATS · TOILETS · ACCESS · HELP

EVIDENCE + LIMITS

What is measured, and what must remain unknown

12

SCENARIOS

6

PERSONAS

4

TESTS

3

LANDMARKS

KNOWN / RECOMPUTABLE

geometry consistency · counts · formulas · provenance

PENDING OFFICIAL DATA

FAR · height · redlines · utilities · ownership · airspace

ALL SPATIAL MOVES ARE CONCEPTUAL RECOMMENDATIONS
